**Subject:** Sound Level Variance

Dear Barb,

Our family planned to attend the public hearing this evening, but are not able to attend due to illness. We live in the Ramsey Hill neighborhood and very much enjoy the various events like Crashed Ice, the Marathon, etc. We love living in the city with fun events we can walk to and understand that at times there may be inconveniences in regards to traffic or noise, but want to share that we support the sound level variance for this upcoming event.

Thank you for managing the comments for this variance,

Ellison Yahner, 438 Portland Avenue
