Dear Sirs:

I am writing to express my support for this application. The loss of the previous tenant in the space was a serious blow to the neighborhood. The applicant, a very local neighbor to the site, is very committed to neighborhood relations and community involvement beyond just providing a needed and good business. Most patrons of this business will likely be walking or biking and I have very few concerns about parking or traffic.

I very much look forward to having them as a neighbor.

Signed,

Dean Cummings
