

City Council members,

Please support the opening of Cupcake on Grand Avenue by working with The Summit Hill Neighborhood Association to approve their parking situation.

I lived in this neighborhood for 5+ years before moving to Brooklyn, New York and then Glasgow, Scotland. After starting my own company & having the freedom to live anywhere in the world, I moved back to Lexington Avenue in St. Paul in order to come back to this great Grand / Summit neighborhood. It's locally owned businesses like Cupcake that keep St. Paul fun and friendly. It's this environment that keeps me spending my money locally with great cafes and businesses that are within biking / walking distance.

Plus...who doesn't love cupcakes? A concerned (and hungry) St. Paul Cupcake advocate,
Kathy McGrath
