Hello Kathy – I'm including DSI Environmental Health Inspector Barb McMonigal-St. Dennis on this email since she's the DSI Inspector principally responsible for processing Sound Level Variances.

Barb – Please add this email of objection (below) involving the above referenced Sound Level Variance to your file and process accordingly. I have a second email of objection that I'll also be forwarding to you.

Thanks,

Jeff Fischbach

Think Before You Click: This email originated outside our organization.

Jeff,

Please read the email below.

I was asked to forward this email from a neighbor regarding the Sound Level variance at the Highland Picnic Pavilion. I have copied the Ward 3 Council office and Parks, not exactly sure who should receive the comments(?)

Thank you for your help,

Kathy

Why are we considering allowing a religious entity to take over a public park every Sunday morning for over two months. What happened to the separation of church and state?

Regardless of the religious aspect, I am opposed to granting a sound level variance for this extended period in a public park to any organization. A park should be available for quiet use by all citizens. This application should be rejected.

If this e-mail reply is misdirected, please forward it to the appropriate person in DSI.

Thank you.

An application for a sound level variance has been received by DSI from Micah Witham, for Awaken Covenant Community, for Sunday Morning Church Service/Gathering, to be held on every Sunday starting on May 9th through Sunday July 25th from 10am to 12pm with a sound check at 8am. The event will be located at Highland Picnic Pavilion - 1200 Montreal Avenue. Further details concerning this event will be forthcoming.
