April 13, 2018

To whom it may concern:

Sheet Metal Workers Local #10, in partnership with our 200 plus contractors, would like to see a change to the St. Paul Legislative Code addressing ratio for Warm Air Comp-Card Journeypersons to Trade Workers.

The current legislative code is 3 Warm Air Comp Card Journeypersons to 1 registered Trade Worker. Local 10 proposes the following changes for Commercial jobs only:

- |                                     |                              |
|-------------------------------------|------------------------------|
| 1 Warm Air Comp Card Journeyperson  | to 1 Registered Trade Worker |
| 2 Warm Air Comp Card Journeypersons | to 1 Registered Trade Worker |
| 3 Warm Air Comp Card Journeypersons | to 1 Registered Trade Worker |
| 6 to 2                              | 9 to 3. etc.                 |

Local 10 believes that this change would better reflect what is currently happening in neighboring cities. This change would be Pro-Employer as the Employer would be able to set their crews the way they see fit.

If you have any questions, please feel free to contact me at 651-238-0884.

Sincerely,

Matt Fairbanks  
Business Representative  
Local #10
