Div B9101516 Lots 20 + Lot 21 D1K1C Lot Area .2181 Current Zoning T-2

VARIANCE REQUEST: Application is hereby made to the Board of Zoning Appeals (or to the Planning Commission with another zoning application) for variance from the following section(s) of the Zoning Code 65.162
Supportive Housing Facility. State the requirement and variance requested. Separate requirements

SUPPORTING INFORMATION: Explain or demonstrate the following. Attach additional sheets if necessary.

1. Practical difficulties in complying with the provision of the code from which a variance is requested, and that the property would be used in a reasonable manner not permitted by the provision.
2. The plight of the landowner is due to circumstances unique to the property not created by the landowner.
3. The variance will not permit any use that is not allowed in the zoning district in which the property is located.
4. The variance will not alter the essential character of the surrounding area.

City of Saint Paul;

We propose using 418 Sherburne as a sober house. However, the State of Minnesota changed the designation and payment model that has been in place for fifteen years. The State has put sober houses in the "Board and Lodge category. Which means that now sober houses are required to provide food. Which is a service that puts us in the "Supportive Housing" category.

However, the "supportive housing" category is very broad, and encompasses a wide spectrum of businesses. *24 residents*

For example;

The first building, 470 Western avenue, which is approximately 513 feet from my building. Is a sixty-unit apartment building, and is a section 42 tax credit property. According to the on-site manager Rae, there are 15% or 9 units which are being used as "Coordinated Access to Housing and Shelter" CAHS. Their target resident for both programs are families with children.

The second building, 342 Fuller, which is approximately 1257 feet from my building. Is a nine-unit apartment building. The owner, whose name is Abdul said that his program is ICS Independent Assisted Living. Their clients have mental health issues, i.e. down syndrome, etc.

The cliental that we want to serve are men that have chemical dependency issues. They are required to be in an outpatient treatment program, and adhere to our program parameters.

As you can see from the building plans. This building is designed specifically for this purpose. The building is divided in a way where each resident has his own space, and there are only two residents per bathroom.

Although, the three properties fall in the "supportive housing" category. We serve totally different segments of the population. I therefore ask for a variance to the quarter mile statute.

Thank you
Dominic Carchedi

House
Program

Investment Recovery Homes
418 Sherburne Avenue
Saint Paul, Minnesota 55103

There are 3 primary rules at IRH

No use of alcohol or any other mood-altering substances.

No sexual activity or exclusive relationships within your house or with other IRH residents.

No violence or threats of violence.

As you read through the list, please understand that this is a general list of guidelines and expectations. Should the management of IRH determine that you are not following any of the expectations or are behaving in a manner deemed inappropriate for the house, you may be asked to leave.

General Guidelines:

- Non-compliance or inappropriate behavior can result in dismissal from the house.
- Visitors or guests are not permitted.
- This is a smoking/vape free property, please leave the property to smoke or vape.
- No candles, no grills, burning of incense, or open flames of any kind.
- It is expected that you provide a clean UA on intake, rare exceptions will be discussed by Management.
- Being under the influence will lead to dismissal.
- Non-compliance may result in police involvement.
- Rooms and property are subject to search at any time, and there are no locks on doors except for management. Do not bring televisions. Televisions or video games are not permitted in the bedrooms.
- Participants are required to attend 3 groups of their choice weekly, Church being encouraged. NA/AA and anything recovery related. The mandatory house meeting will be included in the three (3).
- Keeping the house clean is mandatory. All participants will have assigned chores that will rotate weekly. Keeping your personal space clean and personal hygiene standards are expected. Do not move the furniture. Bicycles are not permitted in the house.
- Curfew will be 11:00PM Sunday-Thursday and 12:00AM Friday/Saturday. We understand that some situations may arise. If you are going to be late, call management. Jobs will be verified.
- Controlled narcotics like Suboxone will be a case-by-case scenario and discussed between management.

To ensure sobriety, random alcohol and drug testing will be performed weekly by management. Failure to comply will result in dismissal from the house, zero tolerance for drug-use. We use a urinalysis cup designed to detect several substances. This is just one tool at our disposal to determine use. It is not a lab and false positive tests do happen. IRH staff will have the final say in any situation regarding positive tests that may require you to leave. If you are asked by management or any representative of IRH to take a urinalysis, alcohol breathalyzer, or participate in any other type of test to verify that you have not been using drugs or alcohol, you are required to comply. If needed we will use a lab test, and you will be responsible for that fee. If you refuse to take a sobriety test, you will be asked to leave the house and dropped from the program. You must report any knowledge or suspicion of any participants non-compliance immediately.

HOUSE MEETINGS

ALL RESIDENTS MUST ATTEND THAT WEEKLY HOUSE MEETING. The day and time of the house meeting will be known to you ahead of time. House operations, resident unity, and general health of the house is dependent on this meeting. The house meeting is 100% mandatory and cannot be missed. In addition, there may be special house meetings called at any time.

Initial: _____

TIME OUT OF THE HOUSE

- No 3rd shift or overnight jobs
- After 30 days, one overnight stay/week is permitted with the manager's approval
- Always inform the house manager of extended absences. Unauthorized absence may lead to restricted house access or dismissal.

You must maintain a reasonable schedule outside the house (work, counseling, etc.). We ask that your schedule make sense and align with your commitments to the house. 25-30 hours per week, is a reasonable time frame. This can include seeking employment, work, volunteering, school, outpatient, or a combination of these. (Most importantly engaging in activities in the general sober community). After the first thirty (30) days, participants are allowed one (1) overnight stay out of the house per week. Overnights must be approved by the House Manager and approval is at their discretion. All approvals must be granted at a minimum of 24 hours in advance. If you plan to be out of the house for several days (i.e. holidays, family functions, etc.), you must pre-arrange your plans with the Property Manager. If you do not come home when expected, and do not contact the House Manager, the door code may be change, and you may not be allowed back in the house without manager permission.

PAYMENT OF FEES

- There is a \$150.00 non-refundable intake fee that is due upon move in.
 - Regardless of who the payer is, monthly fees are due by the 1st of the month.
 - If unable to pay on time, notify the management immediately.
 - 15.00 per month is required from each participant for house supplies, ie toilet paper, etc.
 - All other expenses should not take priority over IRH fees.
 - Payments overdue by more than one month may result in dismissal.
 - If a participant is self-pay, it is expected that the full amount of \$700.00 will be paid every first of the month. There are no exceptions. Arrangements may be made at the discretion of the Property Manager.
- It is unacceptable to have other expenses: (gym membership, mobile phone, past debt, etc.) over your program fees.

INVESTMENT RECOVERY HOMES PHILOSOPHY

- Embrace the community, unity, and support of Investment Recovery Homes.
- Engage actively with fellow participants and contribute positively.
- Confidentiality is crucial; avoid discussing house matters outside.
- Display respect for neighbors and community.
- Ensure house cleanliness and organization. Abide by energy-saving practices
- Medications must be securely stored and not shared.
- Absolutely no pornography or gambling.
- Internet will be used ethically.
- Secure personal belongings. IRH is not responsible for losses.
- Adhere to curfews. No smoking or vaping on the property.
- Weapons are strictly prohibited.
- Consent to room inspections by IRH staff is needed.
- No fighting, No stealing, No horse play, respect others and their things and space.
