

I am sending you a followup email regarding the above property and the Premier Storage proposal to turn it into a storage facility. I sent you a letter of support back in September and was disappointed to read that this project has been stalled. I understand that 2/3 of the residents are in favor of this proposal so I do not understand why they are not being heard. I have watched with great interest what has been proposed for the area and feel that this is the best option for the site. I don't want to wait any longer for this project to move forward. Please approve it!
