I've also included a weather calendar from January 2018 and February 2018. Depending on what day and time the crew came out after January 30 when Vong was finished cleaning up the property, it looked like it snowed again. I would like to ask if you could review what day and time the actual video work order was taken so that we would be able to cross check that with the weather calendar. Again, thank you for the opportunity to allow us to gather the correct and supporting information for our cause.
