\$248.30

Please explain when this
SEAL COATING took place. I've
already paid \$16000⁰⁰, for a new
street - bike trail and sidewalk.
I was promised two new trees
by a Michael Kraemer P.E., who
was in charge of the project at
the time. He sat in my kitchen
on two separate times and even went
so far as to let me pick the trees.
Now he has retired and doesn't
(conveniently remember doing so.) This is
the kind of treatment I get for
the money spent. Please send this
to our new Mayor, maybe he can
explain it. I've talked to Public
Works and they just brush me off.
