You don't often get email from joel@nslive.us. [Learn why this is important](#)

Not sure if I am a big fan of late-night music and possibly a drunk theater -

-

Note: We all work and are up early for our daily jobs & School -

-

A Sound Curfew for the week nights would be good to have in place by 10 pm -

-

Fridays, and Saturdays I am OK with later, but I would ask to have the neighborhood respected for Evenings of Sunday through Thursday - Thank You

-

This response is a collective of 9) adults within the sound barrier of 934 Selby Ave -

Thanks for understanding -
