

Every year in the U.S., property theft costs people about \$340 million.
To combat crimes like these, St. Paul has one SPPD officer for every 500 residents.
Every year in the U.S., wage theft costs working people nearly \$933 million.
Meanwhile, St. Paul has only one investigator for all employers and workers.

I want the St. Paul City Council to pass the Ordinance for Labor Standards Enforcement and the Mayor to increase the budget for investigators and community contracts because:

The investigator is not enough.
I filed a complaint a in May
and Haven't heard back or won
my money yet. STUL-taught me my
Rights on ESST.

Cada año en los EE. UU., el robo de propiedad cuesta a las personas casi \$340 millones. Para combatir delitos como estos, St. Paul tiene un oficial de SPPD por cada 500 residentes. Cada año en los EE. UU., el robo de salario cuesta a la gente obrera casi \$933 millones. Mientras tanto, St. Paul ha tenido solo un investigador para todos los empleadores y trabajadores.

Quiero que el Concejo Municipal de St. Paul apruebe la Ordenanza para el cumplimiento de las leyes laborales y que el Alcalde aumente el presupuesto para investigadores y contratos comunitarios porque:

Para que todas merecemos saber de los derechos
