Subject: Rent Stabilization
Date: Wednesday, July 13, 2022 8:13:12 AM

Council Members,

I support rent stabilization. While I am not happy with the compromises made I stand behind the rent stabilization recommendations.

EVERYONE is impacted by inflation. Renters as well as landlords. Particularly during this period of inflation renters are being hit hard with no corresponding wage increases.

Please enforce the rent stabilization proposal to ensure equitable housing for all. This is important for healthy and stable housing for all St. Paul residents.
