Subject: Your Leadership is needed to Protect St Paul Workers & Their Families

Dear Mayor Melvin Carter and St. Paul City Councilmembers:

I know all of you on a first name basis, some I know more than others. I have knocked doors for your elections, we have fought together for progressive policies, and a majority of you were in attendance when I received the Karl Neid Community Involvement Award.

I am a born and raised Frogtowner and now a home owner in that community. I am a Youth Worker by trade, first hired by the Parks and Recreation Department in 2000, and the long time elected Vice President of AFSCME 1842. But more importantly I am a fighting member of the working-class, and the working poor are going to be hit the hardest by what this MOA is lacking.

I have never in my life received this many calls, emails, and messages from City workers, across departments and across unions. Union members were confused, frustrated, and wondering about a Memorandum of Agreement that union reps were asked to sign within a few hours of receiving it. How could we as Union Leadership, following the City's own values of economic justice, racial equity, and engagement contact over 500 people when 100's of them are not at work? We needed to push back on this deadline to actually ask our members what they want.

Last Wednesday, our members were informed that work within public facilities has been suspended for the time being and they were required to use their own personal leave as coverage. Then on Friday, we were told we will not go back to work on Monday and the MOA and its deadline came out on the same day!

On a personal level, how could I as a full time, long term, higher grade, white employee, just say 'sorry part time, low wage workers.'

Who are the most affected in this situation? Workers of color and our AFSCME bargaining units. We need you all to fight to protect the most vulnerable of all City employees.

Our members are empowered and initiating action on their own, which I am sure you saw in the form of a [change.org](https://www.change.org) petition, which now has over 2850 signatures. We are a member driven union so we thanked our rank-and-file members for their organizing efforts and the petition.

We watched as other AFSCME and AFL-CIO unions negotiated hazard pay, working from home, and guaranteed full pay until the end of their fiscal year. We need these. As always, we are coming up with solutions in partnership with management. We need to focus on getting our affected members back to work, either they work remotely or that we can guarantee their safety at worksites. I can speak directly for Parks that both Parks Manager Andy Rodriguez and Director Mike Hahm have been solution focused. We need to continue to work together, Labor and Management, making sure the youth and families we serve are at the core of decision making. However, how can we fight for justice for our community members, if we do not even fight for justice for our most marginalized workers, who navigate the same symptoms of poverty as too many of our Rec families face.

Mayor Carter and Councilmembers - Do not put the part time, low wage, predominantly workers of color in an even worse economic situation. The Rec Leader, Library staff, Life Guard, and Zoo Attendant, will get prorated leave rates in the current MOA. They barely were in a position to have accrued any leave since the majority of them were exploited by the City of St. Paul as "Temp 99's". Who we spent way more time than ethically appropriate, getting them partial justice (and we are still fighting) and again, these are predominantly workers of color who are paid the least.

This is a perfect example of Equity vs Equality; they need the same amount of hours as everyone else. Prorated pandemic leave is unacceptable for our most vulnerable workers. I understand they do not *have* to go into the negative ESST. But is that really a choice? Either go into the negative or your pay check is so low that you can't pay bills for you and your family.

St. Paul city employees provide essential public services to our community. But, the current MOA is not doing enough to protect us from the COVID-19 pandemic, or the financial hardship that could result from worksite closures and medical emergencies.

As previously outlined, these are the assurances that ASFME 1842 leadership and its members are demanding:

1. **Paid Emergency Pandemic Leave for employees** who are ill, taking care of loved ones due to illness or school/daycare closures, or Government mandated closures. Employees should not be forced to drain existing sick or vacation accruals and employees have the right to save them for when they do fall ill or need to take time off in the future. Employees should not be forced to accrue negative sick and vacation hours as this is not a responsible and viable solution during this pandemic, and in fact further jeopardize employees' well-being and future job stability and pay. We request the City of St. Paul provide an Emergency Leave Fund for the pandemic throughout the duration of the leave.
2. **An extension of all benefits**, including medical, throughout the Emergency Pandemic Leave to ensure no gap in coverage.

3. **An opportunity for employees who can work remotely to do so.**
4. **Closure of all services** that are not essential and payment of employees from the Emergency Pandemic Leave Fund.
5. **Distribution of cleaning supplies** and hand sanitizer to work sites that are open to aid in the containment of the virus and include personal protective equipment as needed. This includes all public buildings being cleaned and sanitized including all common areas.
6. **We request continuing conversations in ongoing meet and confers.**

We are committed to providing the critical services that St Paul residents depend on. All we ask is that the City take common-sense measures to protect workers, our families, and the people we serve.

Thank you.

Subject: Your Leadership is Needed to Protect St Paul Workers & Their Families

Dear Mayor Melvin Carter and Councilmember Amy Brendmoen,

My name is Kathleen Conger, Librarian at George Latimer Central Library and constituent from Ward 5. I have been a St. Paul employee and resident for over 20 years and have weathered many ups and downs with the city.

I object strongly to the current lockout of Library and Parks workers, and the decision to force workers to spend down their accrued leave balances to get paid during this furlough.

While I understand the need to isolate to contain the spread of COVID 19, I do not understand the City's decision to furlough employees of two departments while not allowing us to work from home, the way Hennepin County Library has done for its workers. The City budget has been set, and those wages accounted for, so there is no clear reason why employees must use their accrued leave to receive a

paycheck. In an administration that touts equity, it amounts to balancing the budget on the backs of the lowest paid workers.

Rick Schute's naive comment in the Pioneer Press "Those groups could fill gaps at the St. Paul Public Schools, and their critical worker childcare program," furthers the myth that we are day care workers while at the same time insults actual trained/licensed day care workers which, as we all know, we are NOT. While it might be feasible to redeploy some staff into other duties, the notion undermines the work Libraries and Parks do on a consistent basis.

St. Paul city employees provide essential public services to our community. But, the current MOA is not doing enough to protect us from the COVID-19 pandemic, or the financial hardship that could result from worksite closures and medical emergencies.

1. **Paid Emergency Pandemic Leave for employees** who are ill, taking care of loved ones due to illness or school/daycare closures, or Government mandated closures. Employees should not be forced to drain existing sick or vacation accruals and employees have the right to save them for when they do fall ill or need to take time off in the future. Employees should not be forced to accrue negative sick and vacation hours as this is not a responsible and viable solution during this pandemic, and in fact further jeopardize employees' well-being and future job stability and pay. We request the City of St. Paul provide an Emergency Leave Fund for the pandemic throughout the duration of the leave.

2. **An extension of all benefits**, including medical, throughout the Emergency Pandemic Leave to ensure no gap in coverage.

3. **An opportunity for employees who can work remotely to do so.**

4. **Closure of all services** that are not essential and payment of employees from the Emergency Pandemic Leave Fund.

5. **Distribution of cleaning supplies** and hand sanitizer to work sites that are open to aid in the containment of the virus and include personal protective equipment as needed. This includes all public buildings being cleaned and sanitized including all common areas.

6. **We request continuing conversations in ongoing meet and confers.**

We are committed to providing the critical services that St Paul residents depend on. All we ask is that the City take common-sense measures to protect workers, our families, and the people we serve.

Thank you.

Subject: Support Saint Paul City Workers

Dear Councilmember Printz,

My name is Kelsey Johnson-Kaiser, one of SPPL's Youth Services Managers and a Ward 2 resident. My team led the incredibly successful and well-received Facebook Live storytimes before the library closed to staff.

I love my job, and I love working for the city. I have always spoken with pride about the way the city treats its employees. I care deeply about our communities and am absolutely dedicated to supporting residents and families that need our help. I want to keep working. I am ready to keep working. I am asking that you allow me and other city staff to keep working.

Based on what I have heard from colleagues, you are a strong supporter and friend to libraries. Thank you so much for your advocacy - it means the world.

Know you have the support of library staff behind you - we appreciate that you are fighting for us and implore you to keep doing so.

I am incredibly disheartened by the lack of support and treatment library and other city staff are receiving. St. Paul city employees provide essential public services to our community - you know this. The current MOA is not doing enough to protect us from the COVID-19 pandemic. St. Paul prides itself on being the most livable city in America - let's model appropriate, supportive behavior of our own city staff.

We need:

1. **Paid Emergency Pandemic Leave for employees** who are ill, taking care of loved ones due to illness or school/daycare closures, or Government mandated closures. Employees should not be forced to drain existing sick or vacation accruals and employees have the right to save them for when they do fall ill or need to take time off in the future. Employees should not be forced to accrue negative sick and vacation hours as this is not a responsible and viable solution during this pandemic, and in fact further jeopardize employees' well-being and future job stability and pay. We request the City of St. Paul provide an Emergency Leave Fund for the pandemic throughout the duration of the leave.
2. **An extension of all benefits**, including medical, throughout the Emergency Pandemic Leave to ensure no gap in coverage.
3. **An opportunity for employees who can work remotely to do so.**
4. **Closure of all services** that are not essential and payment of employees from the Emergency Pandemic Leave Fund.
5. **Distribution of cleaning supplies** and hand sanitizer to work sites that are open to aid in the containment of the virus and include personal protective equipment as needed. This includes all public buildings being cleaned and sanitized including all common areas.
6. **We request continuing conversations in ongoing meet and confers.**

We are committed to providing the critical services that St Paul residents depend on. Please allow us to do this.

Thank you again,

Kelsey Johnson-Kaiser
Youth Services Manager

Subject: City Workers Pandemic Leave

Hi Jane,

This is Joey Goodall. We've met a few times, I live at 120 Maria with my seven-year-old daughter, and I work for SPPL at the Dayton's Bluff Library. I hope you'll continue to support city workers in getting paid pandemic leave during this unprecedented time. A lot of us have kids who are now without a place to go during the day since the schools are closed, and we shouldn't be forced to use our earned sick and vacation time to be with them.

And going beyond myself and people in my situation, I worry even more about those who don't have much sick/vacation time, and what they're going to have to do to get by. I'm generally healthy, so I have an okay amount of sick time stored up that I could use if need be at least for a few weeks, but some people have chronic illnesses or have children or parents they take care of with chronic illnesses, or other situations.

I've really appreciated the work you've done as our city council member, and am so glad that of the 7, you're the one who represents us. Please fight Mayor Carter (what a disappointment he's been) on this, and help persuade the rest of the city council to amend the current MOA according to the needs set forth by our union. I don't think any of the demands are unreasonable. (I'm sometimes wary of union demands, but these just seem fair.) Our pay is already part of the budget.

Thank you,
Joey Goodall

Subject: Petition for Paid Pandemic Leave for Saint Paul City Workers

Dear Mayor Carter and St. Paul City Council Members:

As city employees and members of AFSCME, we have worked tirelessly on the frontlines, dedicated to serving our community through some of our most critical moments. In times of extreme weather, school closures, mental health crises, and, now, a pandemic, we have fought to deliver necessary services with compassion, dignity, and patience. Now we unite to ask for our leadership to stand up for us in a critical moment.

Our community is behind us. We are sending you a petition we have created to show you the community's support for Paid Pandemic Leave for St. Paul City Workers. Union leadership has

signed the MOA without properly communicating the terms to their members or giving them enough time to review the document. This decision does not reflect all of their members' needs and wants. We cannot agree to terms that do not protect city workers for the duration of this crisis. An unprecedented emergency does not revoke labor rights or the need for clarity, strength, and unity in decision-making.

This MOA leaves too many questions unanswered. It does not address our healthcare coverage, economic security, ability to work from home, safety in the workplace, the future of our employment, and our voice in the decisions that impact our lives with enough clarity or equity. It grants few protections for our most vulnerable workers, such as part-time employees, staff with families, and staff with chronic illnesses. Frontline workers who will be the most impacted by this MOA are people of color, immigrants and refugees, women, LGBTQ+ folks, and people with disabilities.

We should not be asked to use our own personal leave time, nor should we be asked to accrue a leave debt during a pandemic. Most part-time, and even full-time, employees do not have enough sick or vacation time to cover a week, let alone the duration of this crisis. Staff members, especially those who are primary breadwinners for their families, cannot afford to pay back a debt after this public health crisis. Many workers are being denied the opportunity to work from home despite their willingness and ability to do so.

A strong MOA will provide long-term solutions for all city workers and allow them to recover after this critical period. The current MOA proposes short-term solutions to long-term problems. We cannot afford to be shortsighted at this time. It leaves workers insecure, with no vacation or sick leave to fall back on and no assurance of health coverage, once operations resume.

AFSCME trade union leaders and members endorsed and supported the Mayor and many members of the city council based on their platforms of labor rights, equity, and inclusion. Now we ask them to keep their word. The people of St. Paul stand with city workers. Please stand with us as well.

Doubt, fear, and uncertainty are symptomatic of this pandemic. We can mitigate these feelings by standing strong together. Please support our demands to ensure that dedicated city workers can maintain a sense of stability, safety, and security and return to normal operations, once they resume, with the same patience, diligence, and dedication they have always shown.

Sincerely,
Activists and Members of AFSCME

Subject: Return to Work Order-Library Staff

Dear City Council Members:

Today, library staff received notice that we are being asked to return to work tomorrow, Tuesday March 23, 2020. We have not received official news from Catherine Penkert, Library Director, at the time of writing this email, but we have confirmation from several library managers and supervisors. This, of course, raises concerns and questions for many of us. From our understanding, nothing will have changed in our work situation since the day before we got suspended from work. We will still have to practice social distancing, which isn't the most efficient way for a lot of people to be working, and we still have to come in and potentially risk our health to work.

Management is in the process of approving work from home applications, but regardless of if that is accepted or not, we are all still expected to show up at work. Attached is a PDF of questions from staff members. We are still in the process of collecting more questions. I will keep you apprised on the situation. If any other questions or concerns crop up, I will let you know.

I also wanted to bring to your attention a document that staff worked on during their off hours, attached to this email. We have compiled a list of work that can be done remotely and in the library. We want to give as many library staff the opportunity to work from home as possible. This will lower the risk of spreading COVID-19 as recommended by the CDC and the state government. The more people who are able to work from home, the less people that will be dependent on vacation and sick leave that they may not have.

We are concerned that Library administration does not consider staff developmental training as "work". We will argue that it is. Too often are we told to watch webinars or training videos but we do not have the off-desk time to do so. Everyone, from clerks to library associates to librarians, are capable of doing developmental training from home, assuming they have the technology to do so. Staff members without the technology to do so should be provided library equipment.

Because this document was worked on while we were not working, we would like to request two hours of work time be added to our time cards. A lot of time and effort went into brainstorming, editing, and formatting this document. Those who have worked on it can identify themselves if we are allowed the two hours of work time to be credited to us.

Thank you,
Activists and Members of AFSCME

Remote Work Strategies for SPPL Reference and Clerical Staff During Emergency Closure

Purpose: What does it mean to be able to work remotely for Library workers? What kinds of support will be needed? We can propose these ideas to our Management Team and they need to figure out how to implement them.

Category	Specific Job Item
Training/Professional Development	
1	Complete Lynda Tutorials on computer software, animation, coding, business, design, audio/video, project management
2	Complete Webinars on different topics already shared with staff, including Learning Disabilities, Working with Youth/Teens, Homeless, Veteran support, EBSCO, Communication Strategies. Complete write-ups and reports to absorb and share what we've learned, have online discussion amongst staff
3	Online Tutoring Basics Training, Online Foundations of Intercultural Communication, through Literacy Minnesota - 4-6 hours in length combined
4	Language learning, including ASL, (use transparent language online to learn some basic library terms/phrases in the languages our patrons use
5	Digital learning circles through Zoom, Webex, Google, or Moodle
Digital Content Creation	
6	Teen specialists/Createch staff- Post resources for teens--entertainment, online games to participate in, virtual drawing classes, music lessons, etc.
7	Create live streams for storytimes, continuing the YS live storytime streaming, but from home
8	Create a Page on website for Story Time Archive as the content grows, clickable at a later time. (Children's Specialists)
9	Prepare and record book talks
10	Create bibliocommons reading lists for e-books, such as Large Print novel list for seniors/50+ patrons, so patrons will continue to use the website
11	Help create online content for Marcom's Social Media Team to maintain public presence; photos, staff-written articles, sourced articles from the internet
Library Program Prep and Planning	
12	Prepare storytimes for future, make new felt sets and crafts to rotate in with older ones (Children's specialists)
13	Research and plan passive programming for the future, including programming that encourages social distancing and doesn't require hands-on involvement
14	Plans for future programming- streamline and expediate future work after business resumes
15	Prepare templates for future data-keeping forms--set up next year's spreadsheets, volunteer report form, review and edit volunteer tutor policies, expectations, tips, (HC, RT, Createch)
16	Create scavenger hunts
17	Develop themes for future Createch and Library After Dark
18	Design and Create new displays: find books, create signage, create accessories- all using computer so things can be printed and items pulled when we get back into the building
19	Plan Summer Maker Camp kit ideas.
20	Work on Annual Improvement Plan goals, action items, and process (HC/RT/Createch)
21	Utilize library equipment and such as sewing machines and fabric to create facial mask
Research	
21	Learn the large CIRC Encyclopedia A-Z in more detail (Circulation Staff)
22	Familiarize more closely with LOC, learn more about categorizing process (Circulation)
23	Research resources for immigrants/refugees, perhaps even virtual Citizenship tutoring/practice
24	Start seeking out and reading books to use for next year's Read Brave, when a theme is chosen. This is rather time intensive so this would be a great use of time since we have access to eBooks.
25	Download all library apps and be on experts in how they work. This will help us answer future questions that may come up.
26	Create book trailers
27	Research websites for reliability to be used as online content

28	Increase Database familiarity so we're better equipped to show patrons our online resources--have some online discussions so the most staff possible is trained
Data Entry and Data Collection	
29	Create Sprockets program info for 2019-2020 Program Year
30	Enter volunteer application information into database
31	Catch up on attendance tracking in sprockets, run sprockets report on missing demographic info and formulating plan to collect missing info (HC/RT/Creatch)
Communication and Collaboration, Internal, External and with Volunteers	
32	Meetings can be held with Zoom conference account, gives managers to connect with their staff
33	Zoom videochat with SPPL storytellers to share songs, fingerplays, ideas --> similar to MELSA's StorytimePalooza
34	Google hangout meetings (Staff can meet up to discuss programs/issues that span the system. This could be branch meetings or story time providers etc)
35	Outreach to program participants about resources/alternatives
36	Communicate with volunteers re: their needs, suggestions for training, confirming volunteer hours, filling out end of year evaluations
37	Conduct Volunteer/Tutor Surveys through Microsoft Forms to gather feedback on program year,
38	Contact publishers for online use rights
E-Service to Public	
39	Host hours where people can inquire about Census questions or Filing TAX Questions (for example, now the date changed to July 15)
40	Digital librarianship: Facebook live for reference, storytime, online tutoring (people can book us for an hour or something); sending out reference information through social media
41	Have more staff included in the email, IM, and phone reference that Central staff does
42	Faciliate Online Book club--Find books that are widely available (i.e. out of copyright so they can be accessed by multiple people at a time) and then host book club discussions, potentially using Facebook Groups, Google Hangout, Zoom, Jitsi
43	Cookbook Clubs - feature a recipe from a cookbook from our collection / patrons can share final outcome on SM, particularly Instagram
44	Business/entrepreneurship resources- for those struggling currently and for future ready reference
45	Create online conversation group/ support group, in foreigh languages like Vietnamese, Spanish, Hmong, Somali, Karen, depending on staff
Process Planning and Evaluation	
46	Plan ways to sanitize materials as it returns for the safety of staff, anticipating huge influx of materials to be returned when libraries reopen
47	Brainstorm as a group how we will handle the influx of holds, returns, etc. when we do re-open. Create a game plan in advance--without a circ staff in place ready to deal with the sheer number of materials. (Circulation)
48	Review policies/language of circ manual and tweak if necessary (Circulation)
49	Work on a template for new books labeling

WORK THAT CAN BE DONE IN THE LIBRARY

Purpose: If we are to go back to work, what tasks can we do?

- 1 Weeding for condition and circulation
 - 2 Shifting, reorganizing and re-signing displays
 - 3 Shelf reading (has been overdue for years due to understaffing)
 - 4 Mending of library materials—Circ Staff
 - 5 Sanitizing toys and other materials used before the library closed
 - 6 Create daily "behind the scenes at the library" post that teachers could use in their online instruction, for when their students get to return to the library
 - 7 Answering reference/circ related phone calls during certain hours of the day (not all patrons have internet access; some didn't even know we were closed)
 - 8 Helping compile books for reference staffs' online book clubs or book talks.
 - 9 Clean closets and storage areas
 - 10 Clean out file folders, organize papers, applications, old reports, documents]
 - 11 Upload content from Share Drive to One Drive
 - 12 Delete outdated, unneeded, and duplicate files on Share Drive
 - 13 Update Intranet
 - 14 Organize supplies
 - 15 Organize personal work spaces
 - 16 Refresh children's passive activities like games or coloring sheets
 - 17 Create teen passive activities
 - 18 Read all the picture books in your own collection - create list of recommended books good for reader's advisory and for storytime
 - 19 Create booklists of "what to read next" based on your own collection
 - 20 Make felt storytime kits
 - 21 Plan storytime
 - 22 Replace book jackets - some of those are in dire need of replacement
 - 23 Make some new decorations before we reopen to public
 - 24 Wash DVD and cd Kwik cases and actual cases
 - 25 Check DVDs and CDs for scratches and to clean them
 - 26 Sew masks for 2020 Healthcare Worker Personal Protective Equipment Shortage (Createch and Innovation Lab)
- *Any of the 40+ work items listed on the Remote Work tab would also be work that could be done in the library

Library Staff Questions For Returning to Work

How will the library be sanitized for our return?

How long does processing remote work requests take? Admin should give a clear outline of the steps involved in this and explain why it can't be done faster

Why did it take so long to decide to allow remote work from home? Shouldn't that have been determined immediately to ensure workers could work?

What was the point of the suspension if we are all coming back to work with no noticeable changes in how we work?

What are we expected to do tomorrow?

What about people who have kids at home and can't come in?

Staff was concerned about being unable to effectively socially distance before we closed. How is that going to change?

What assurances do we have that our health and well-being are being considered in the decision to return to work?

How are these decisions being made? What voice do managers have? How can frontline staff have their voices heard?

Who is being granted the right to work from home currently? What goes into deciding who is trusted to do so?

What protections and accommodations are there for staff with underlying conditions and/or who are older and/or who live with people that meet those criteria?

What is be considered "work" when applying for remote work? Is developmental training allowed?

How will we prevent staff with minor symptoms from coming in while sick if we are already being forced to drain our sick leave?

Is there a deadline for applying to work from home? Can some of us work from home for a short period and then go into work, rotating shifts?

Why are staff working in a single shift if before we were told that staggered shifts was needed for safety?

Is it ADA-compliant to ask staff with underlying conditions to either put themselves at risk or use sick time?

So many staff are struggling right now: mentally, physically, and emotionally. Are we considering staff's health outside of COVID19?

With testing being so limited, how can we be sure that staff members coming in don't have COVID19? Isn't it dangerous and irresponsible to have us all come back?

With talk of a state shelter-in-place decision, is it wise to return to work at this time?

Last week, staff were expected to thoroughly clean all surfaces (not just personal spaces) due to COVID19 - I certainly hope this is not the case if we are required to return to work buildings. It is unsafe and should be handled by professional cleaning crews.

What are you doing to keep staff motivated to come back fully, energized and enthusiastic, to work when this all ends?

How will you ensure the safety of staff who don't have cars as they go to/from work? Public transit is a site of contamination and there have been reports of attacks on walkers as the streets clear out

What if Governor declare shelter in place or even LOCKDOWN?

If contracted, can this be workers comp or hazard?

Subject: City of St Paul MOA - Concerned Sun Ray Library Staff

Dear Mayor Melvin Carter and St Paul City Council Members:

My name is Dua Thao and I work at the Sun Ray Library. February was my 20th anniversary as a Library Associate for SPPL. If you count my high school years working as a Library Aide at the Hayden Heights Library, I have worked for a total of 22 years total for SPPL.

I was five when my family arrived in the United States as refugees. I grew up in St Paul and am product of Saint Paul Schools. I even worked for five years with SPPS as an Educational Assistant and as a 4th grade teacher. I love this city, I love my job and the community I serve.

When I first heard about the MOA that the city presented to our union, I went through so many emotions: shock, anger, sadness and betrayal. Then fear. Fear for my livelihood and the livelihoods of my colleagues. I'm one of the lucky ones. I have been fortunate enough to be healthy and have been able to save sick hours. However, I also have elderly parents in their 70's who live with me. I am the breadwinner. All of my sick hours are saved for when my parents are sick and I'm required to care for them. If I'm forced to use my own sick and vacation during this pandemic, what do I do when things are back to normal and I have to care for my parents? What if I become sick myself as I have an autoimmune disorder? Where will those hours be.

I have colleagues who do not have enough sick and vacation hours to get them through. We have four clerical staff who work less than 25 hours per week, some per pay period. I have two full-time colleagues who have chronic illnesses and have drained their sick and vacation hours. I have a new branch manager that was hired last summer. That's seven of my colleagues that this MOA would greatly affect negatively. Prorated EPL hours for part-time staff will be detrimental to them. They will lose their healthcare. They are dedicated employees like everyone else. In times of pandemic crisis, they deserve the same as everyone else.

Many of you ran your campaigns on the working class. You support labor unions. My own union that I have been paying dues to for the last 20 years, has even endorsed some of you. You ran on platforms of equity and equality. Well this MOA is not for the working class and it definitely is far from equitable. Some of our lowest paid workers are people of color. They are frontline staff doing the work to make this city great.

The city's HR website states that "the city has no legal authority to pay employees who are not working. Employees must either be working or using authorized, paid leave or unpaid leave of absence". If this city doesn't have authority to pay then who does? There are numerous work that library staff can do from home. Many have even proposed lists and asked but were denied. Why are we being denied to work from home? The library is also a non-revenue generating department. Our pay has already been budgeted in. So why can't the city continue to pay us during a pandemic crisis? If other cities across the country can figure a way to pay their staff, why is St Paul refusing to?

The City of St Paul should not be adding more burden onto the state. Because eventually it will. Many part-time and full-time staff do not have enough sick and vacation hours to get through this pandemic crisis. The City of St Paul needs to take responsibility for it's own dedicated staff by offering a plan that ensures stability, safety and security.

As I write this letter to you, we have garnered 2800 signatures from a petition that has been shared far and wide. We have support from former SPPL staff, community members and fellow union members from across the country. I challenge you to do the right thing and sign this [petition](#), then come up with a MOA that works for all city employees. Supporters have left many wonderful [messages](#). These messages have kept me going during this crisis and uncertain time.

I thank you for your time.

Sincerely,

Dua Thao
Library Associate - Children's Specialist
Sun Ray Library

Subject: Your Leadership is Needed to Protect St Paul Workers and their Families

Dear Councilmember Prince,

This is Jacob Jurss. First I wanted to thank you for your work on behalf of the City. I believe that you continuously work with the best interests of the residents and community at heart. I am not sure how much of my background you are familiar with, but in addition to living in Saint Paul as a resident in your neighboring Ward 6, I currently work as an adjunct professor of history at Metro State University and the University of St. Thomas. During the spring and summer I work as a bicycle mechanic at Freewheel bike. I am writing to you today because my fourth job. I serve as a substitute associate librarian for the Saint Paul Libraries. I am primarily stationed at the Arlington Hills library during mornings usually once or twice a week. I am fully aware of the seriousness that Covid-19 presents to our community. Based on what I have read from public health officials aggressive social distancing appears to be the most effective method to slow the progress of the disease. Closing City departments certainly seems to be a wise course of action, however this has a massive impact on City employees. The current proposed MOA does not go far enough in protecting City employees. I think we can be far more creative in ensuring that employees continue to receive their paychecks and benefits as we move forward into this new normal. Below I have attached the language from the City union in order to amplify and echo their concerns. I am most concerned about ensuring that all medical benefits continue throughout this crisis, that employees are not forced to take accrue negative sick leave, and am concerned about forestalling any potential layoffs. Not addressing these issues with the union will only add further stress to an uncertain situation and so I strongly encourage you to work with the union to address their concerns. In addition to being a City employee I am also a taxpayer. While I always hope civil servants are utilizing my money in a responsible manner I believe one of those responsibilities is treating City employees fairly.

At this time we need calm, steady leadership with a vision. In all likelihood we will have to endure this situation not for the next two weeks, but for the next three to six months and possibly the next 12-18 months when a vaccine is finally made available. This means we need a long-term vision that is articulated and then discussed with stakeholders going forward. I worry that rather than this longer term planning for the future we are currently dealing with the crisis, as it is only an immediate event. This is a long-term problem that will have ripple effects on the health system, on the economy, and on our social network. Without strong leadership now confidence will continue to erode in our institutions. I believe people are starting to realize the seriousness of the situation and the potential that this will continue for a long time. I think Gov. Walz has demonstrated steady leadership thus far for the state and now I am looking toward you and your fellow council members to work with the mayor and our City unions to demonstrate such steady, forward-thinking leadership for our City. I believe that only through compassionate, servant-style leadership can we make it through this crisis together and emerge stronger. In closing I want to thank you for your time. Please know I am happy to discuss these issues with you in greater detail. My door is always open to help in anyway that I can. I love this City and the people in it.

St. Paul city employees provide essential public services to our community. But, the current MOA is not doing enough to protect us from the COVID-19 pandemic, or the financial hardship that could result from worksite closures and medical emergencies.

1. **Paid Emergency Pandemic Leave for employees** who are ill, taking care of loved ones due to illness or school/daycare closures, or Government mandated closures. Employees should not be forced to drain existing sick or vacation accruals and employees have the right to save them for when they do fall ill or need to take time off in the future. Employees should not be forced to accrue negative sick and vacation hours as this is not a responsible and viable solution during this pandemic, and in fact further jeopardize employees' well-being and future job stability and pay. We request the City of St. Paul provide an Emergency Leave Fund for the pandemic throughout the duration of the leave.

2. **An extension of all benefits**, including medical, throughout the Emergency Pandemic Leave to ensure no gap in coverage.

3. **An opportunity for employees who can work remotely to do so.**

4. **Closure of all services** that are not essential and payment of employees from the Emergency Pandemic Leave Fund.

5. **Distribution of cleaning supplies** and hand sanitizer to work sites that are open to aid in the containment of the virus and include personal protective equipment as needed. This includes all public buildings being cleaned and sanitized including all common areas.

6. **We request continuing conversations in ongoing meet and confers.**

We are committed to providing the critical services that St Paul residents depend on. All we ask is that the City take common-sense measures to protect workers, our families, and the people we serve.

Thank you,

Jacob Jurss Ph.D.
Saint Paul Resident

Subject: Fwd: City of St Paul workers deserve better

Dear Councilmember Prince,

I seem to have not included your email in the below message that I sent over the weekend! I did hear that Parks and Libraries workers who were sent home will be paid for those days, so that is a relief. I appreciate the City working to get some emergency paid pandemic leave time available, though limited to 80 hours. All Unions have signed the MOA, but still have many concerns. I did hear back from Mayor Carter and don't believe this MOA is the end-all solution and I don't think the City sees it that way either. I do have concerns that it is still deemed acceptable to limit the time to 80 hours when workers do not know if we will be forced out of work for longer than that. I don't believe workers should be forced to exhaust their time and then upon returning to work have no time for illnesses or doctor appointments.

Even in my office at DSI people are concerned. We are working creatively with all inspectors solely working in the field and distancing the office people. The main concern at my office is a mandatory shut down extending beyond the allotted 80 hours and what that will do with people's insurance as well as their paychecks if they don't have a bank of time to use. We have a lot of new staff right now.

I heard some of your feedback to a fellow AFSCME member and appreciate you so much! We will get through this and I just hope that we can take care of all of our hard working, dedicated City employees through this challenging time.

It was nice to run into during the Black History Month City Leaders Panel just a month ago! I hope in another month or so we can cross paths again at a great gathering like that.

Keep well,

Kari Hilleson

Subject: City of St Paul workers deserve better
To: <melvin.carter@ci.stpaul.mn.us>

Dear Mayor Melvin Carter and Councilmember Jane Prince,

My name is Kari Hilleson. I am a Plan Reviewer in DSI, St Paul Constituent from Ward 7, and proud parent of a St Paul kid who attends Capitol Hill.

This has been a challenging month for St Paul and my family. We are resilient and will pull together to get through this tough time. At DSI we are working hard to continue to provide our essential services which are a path to people's livelihoods. I was dismayed to hear the word "layoffs" thrown out flippantly

in a meeting at our offices last week. I believe through our creativity we are finding ways to continue working and providing full service to our customers.

I am worried for my fellow City employees who are not working. Those whose livelihoods are being pulled away from them so suddenly, those who provide services which are vital to our community, but do not bring in revenue like my department does. St Paul families depend on these workers and they bring a sense of safety and security for our residents. These workers and all City employees deserve security during this trying time.

St. Paul city employees provide essential public services to our community. But, the current MOA is not doing enough to protect us from the COVID-19 pandemic, or the financial hardship that could result from worksite closures and medical emergencies.

1. Paid Emergency Pandemic Leave for employees who are ill, taking care of loved ones due to illness or school/daycare closures, or Government mandated closures. Employees should not be forced to drain existing sick or vacation accruals and employees have the right to save them for when they do fall ill or need to take time off in the future. Employees should not be forced to accrue negative sick and vacation hours as this is not a responsible and viable solution during this pandemic, and in fact further jeopardize employees' well-being and future job stability and pay. We request the City of St. Paul provide an Emergency Leave Fund for the pandemic throughout the duration of the leave.

2. An extension of all benefits, including medical, throughout the Emergency Pandemic Leave to ensure no gap in coverage.

3. An opportunity for employees who can work remotely to do so.

4. Closure of all services that are not essential and payment of employees from the Emergency Pandemic Leave Fund.

5. Distribution of cleaning supplies and hand sanitizer to work sites that are open to aid in the containment of the virus and include personal protective equipment as needed. This includes all public buildings being cleaned and sanitized including all common areas.

We are committed to providing the critical services that St Paul residents depend on. All we ask is that the City take common-sense measures to protect workers, our families, and the people we serve.

Thank you both for your leadership!

Kari Hilleson

Proud to have made St Paul my home!

Subject: Petition Paid Pandemic Leave for Saint Paul City Workers

St. Paul City Council Members:

As city employees and members of AFSCME, we have worked tirelessly on the front-lines, dedicated to serving our community through some of our most critical moments. In times of extreme weather, school closures, mental health crises, and, now, a pandemic, we have fought to deliver necessary services with compassion, dignity, and patience. Now we unite to ask for our leadership to stand up for us in a critical moment.

Our community is behind us. We are sending you a petition we have created to show you the community's support for Paid Pandemic Leave for St. Paul City Workers. Union leadership has signed the MOA without properly communicating the terms to their members or giving them enough time to review the document. This decision does not reflect all of their members' needs and wants. We cannot agree to terms that do not protect city workers for the duration of this crisis. An unprecedented emergency does not revoke labor rights or the need for clarity, strength, and unity in decision-making.

This MOA leaves too many questions unanswered. It does not address our healthcare coverage, economic security, ability to work from home, safety in the workplace, the future of our employment, and our voice in the decisions that impact our lives with enough clarity or equity. It grants few protections for our most vulnerable workers, such as part-time employees, staff with families, and staff with chronic illnesses. Front-line workers who will be the most impacted by this MOA are people of color, immigrants and refugees, women, LGBTQ+ folks, and people with disabilities.

We should not be asked to use our own personal leave time, nor should we be asked to accrue a leave debt during a pandemic. Most part-time, and even full-time, employees do not have enough sick or vacation time to cover a week, let alone the duration of this crisis. Staff members, especially those who are primary breadwinners for their families, cannot afford to pay back a debt after this public health crisis. Many workers are being denied the opportunity to work from home despite their willingness and ability to do so.

A strong MOA will provide long-term solutions for all city workers and allow them to recover after this critical period. The current MOA proposes short-term solutions to long-term problems. We cannot afford to be shortsighted at this time. It leaves workers insecure, with no vacation or sick leave to fall back on and no assurance of health coverage, once operations resume.

AFSCME trade union leaders and members endorsed and supported the Mayor and many members of the city council based on their platforms of labor rights, equity, and inclusion. Now we ask them to keep their word. The people of St. Paul stand with city workers. Please stand with us as well.

Doubt, fear, and uncertainty are symptomatic of this pandemic. We can mitigate these feelings by standing strong together. Please support our demands to ensure that dedicated city workers can maintain a sense of stability, safety, and security and return to normal operations, once they resume, with the same patience, diligence, and dedication they have always shown.

Attached are the signatures and comments of community members that are behind us. We implore you to look at the words of the people you represent and take them to heart. We need to stand together during this difficult time.

Sincerely,
Activists and Members of AFSCME

Recipient: Mayor Melvin Carter, Dai Thao, Rebecca Noecker, Chris Tolbert, Mitra Jalali, Amy Brendmoen, Amy Brendmoen, Nelsie Yang, Jane L. Prince

Letter: Greetings,

Dear Mayor Carter and St. Paul City Council Members:

As city employees and members of AFSCME, we have worked tirelessly on the front-lines, dedicated to serving our community through some of our most critical moments. In times of extreme weather, school closures, mental health crises, and, now, a pandemic, we have fought to deliver necessary services with compassion, dignity, and patience. Now we unite to ask for our leadership to stand up for us in a critical moment.

Our community is behind us. We are sending you a petition we have created to show you the community's support for Paid Pandemic Leave for St. Paul City Workers. Union leadership has signed the MOA without properly communicating the terms to their members or giving them enough time to review the document. This decision does not reflect all of their members' needs and wants. We cannot agree to terms that do not protect city workers for the duration of this crisis. An unprecedented emergency does not revoke labor rights or the need for clarity, strength, and unity in decision-making.

This MOA leaves too many questions unanswered. It does not address our healthcare coverage, economic security, ability to work from home, safety in the workplace, the future of our employment, and our voice in the decisions that impact our lives with enough clarity or equity. It grants few protections for our most vulnerable workers, such as part-time employees, staff with families, and staff with chronic illnesses. Front-line workers who will be the most impacted by this MOA are people of color, immigrants and refugees, women, LGBTQ+ folks, and people with disabilities.

We should not be asked to use our own personal leave time, nor should we be asked to accrue a leave debt during a pandemic. Most part-time, and even full-time, employees do not have enough sick or vacation time to cover a week, let alone the duration of this crisis. Staff members, especially those who are primary breadwinners for their families, cannot afford to pay back a debt after this public health crisis. Many workers are being denied the opportunity to work from home despite their willingness and ability to do so.

A strong MOA will provide long-term solutions for all city workers and allow them to recover after this critical period. The current MOA proposes short-term solutions to long-term problems. We cannot afford to be shortsighted at this time. It leaves workers insecure, with no vacation or sick leave to fall back on and no assurance of health coverage, once operations resume.

AFSCME trade union leaders and members endorsed and supported the Mayor and many members of the city council based on their platforms of labor rights, equity, and inclusion. Now we ask them to keep their word. The people of St. Paul stand with city workers. Please stand with us as well.

Doubt, fear, and uncertainty are symptomatic of this pandemic. We can mitigate these feelings by standing strong together. Please support our demands to ensure that dedicated city workers can maintain a sense of stability, safety, and security and return to normal operations, once they resume, with the same patience, diligence, and dedication they have always shown.

Sincerely, Activists and Members of AFSCME

Recipient: Mayor Melvin Carter, Dai Thao, Rebecca Noecker, Chris Tolbert, Mitra Jalali, Amy Brendmoen, Amy Brendmoen, Nelsie Yang, Jane L. Prince

Letter: Greetings,

Dear Mayor Carter and St. Paul City Council Members:

As city employees and members of AFSCME, we have worked tirelessly on the front-lines, dedicated to serving our community through some of our most critical moments. In times of extreme weather, school closures, mental health crises, and, now, a pandemic, we have fought to deliver necessary services with compassion, dignity, and patience. Now we unite to ask for our leadership to stand up for us in a critical moment.

Our community is behind us. We are sending you a petition we have created to show you the community's support for Paid Pandemic Leave for St. Paul City Workers. Union leadership has signed the MOA without properly communicating the terms to their members or giving them enough time to review the document. This decision does not reflect all of their members' needs and wants. We cannot agree to terms that do not protect city workers for the duration of this crisis. An unprecedented emergency does not revoke labor rights or the need for clarity, strength, and unity in decision-making.

This MOA leaves too many questions unanswered. It does not address our healthcare coverage, economic security, ability to work from home, safety in the workplace, the future of our employment, and our voice in the decisions that impact our lives with enough clarity or equity. It grants few protections for our most vulnerable workers, such as part-time employees, staff with families, and staff with chronic illnesses. Front-line workers who will be the most impacted by this MOA are people of color, immigrants and refugees, women, LGBTQ+ folks, and people with disabilities.

We should not be asked to use our own personal leave time, nor should we be asked to accrue a leave debt during a pandemic. Most part-time, and even full-time, employees do not have enough sick or vacation time to cover a week, let alone the duration of this crisis. Staff members, especially those who are primary breadwinners for their families, cannot afford to pay back a debt after this public health crisis. Many workers are being denied the opportunity to work from home despite their willingness and ability to do so.

A strong MOA will provide long-term solutions for all city workers and allow them to recover after this critical period. The current MOA proposes short-term solutions to long-term problems. We cannot afford to be shortsighted at this time. It leaves workers insecure, with no vacation or sick leave to fall back on and no assurance of health coverage, once operations resume.

AFSCME trade union leaders and members endorsed and supported the Mayor and many members of the city council based on their platforms of labor rights, equity, and inclusion. Now we ask them to keep their word. The people of St. Paul stand with city workers. Please stand with us as well.

Doubt, fear, and uncertainty are symptomatic of this pandemic. We can mitigate these feelings by standing strong together. Please support our demands to ensure that dedicated city workers can maintain a sense of stability, safety, and security and return to normal operations, once they resume, with the same patience, diligence, and dedication they have always shown.

Sincerely, Activists and Members of AFSCME

Comments

Name	Location	Date	Comment
Caitlin Kempainen	Saint Paul, MN	2020-03-21	"City workers are public servants who, if fully supported during closure and illness, will come back with more strength to serve their communities."
Anna Smithberger	New Brighton, MN	2020-03-21	"I am a former SPPL staff member. My former coworkers are some of the best library workers in the world and they should be given proper support in this difficult time. Their jobs are budgeted for through the year and the city can afford to pay the workers. Forcing them to exhaust their leave and borrow against future leave is irresponsible and untenable. Do better. No government employee should be forced to seek unemployment due to this pandemic, it should be saved for private sector workers whose industries will take longer to recover. Do not add to the overall burden to the system in order to squeeze money out of your employees."
Karla Martinez	St. Paul, MN	2020-03-21	"I believe that employees need new solutions specific to unusual situations."
Zachary Pierson	Saint Paul, MN	2020-03-21	"As a former St. Paul Public Library employee myself, I stand in solidarity with all my friends and former coworkers there, as well as in Parks and Rec and other city departments deemed "non-essential." Get your act together, St. Paul!"
Gay Ka Mwee	Saint Paul, MN	2020-03-21	"This is a very tough time. We need library employees To continue being paid too."
Jerucia Mikulay	Minneapolis, MN	2020-03-21	"In solidarity"
Christina Eichorn	Bloomington, MN	2020-03-21	"In times like these, we must ensure we take care of our workers, who are our family and neighbors."
Steven Schilling	Minneapolis, US	2020-03-21	"It's the right thing."
Robert Francis	Minneapolis, MN	2020-03-21	"We can't leave anyone out!"
Catherine Graves	St. Paul, MN	2020-03-21	"As we have been committed to do our best for the people of St Paul , so we should be supported through these difficult times!"
Marie LaPosta	Troy, NY	2020-03-21	"People need money to be able to live, to stay in their homes (literally!) throughout this crisis. Make sure these workers are paid even if they're forced to not work during this crisis"
Kelsey Johnson-Kaiser	Saint Paul, MN	2020-03-21	"Frontline city staff keep the city running. They SHOULD NOT be cut off from pay and health care during a time of crisis. Supporting them now means a far stronger recovery and future for everyone."
Nicolo Boodhoo	Minneapolis, MN	2020-03-21	"I want to support the hard working employees of Minneapolis this is a pandemic. People should not be forced to use sick days. People should not be put at risk to catch and spread this virus to family's and other employees. If it were to happen you would not take the responsibility to help those people and families!"

Michelle Downing	Seattle, WA	2020-03-21	"This policy is short-sighted and makes imperils your city. Quit being cheap."
Anne Roth-Reinhardt	Saint Paul, MN	2020-03-21	"We need libraries!"
Beth Ringsmuth Stolpman	Saint Cloud, MN	2020-03-21	"Solidarity with fellow library workers."
Dua Thao	St Paul, MN	2020-03-21	"Thank you so much!"
Dua Thao	St Paul, MN	2020-03-21	"Thank you Kelsey - Dua"
Amy Foster	US	2020-03-21	"I'm signing it because paying these city workers is already in your budget, and it's the right thing to do."
Audra Israel	Las Vegas, NV	2020-03-21	"It's the right thing to do"
Abigail Ryan	Madison, WI	2020-03-21	"City workers want to help—please be creative and help them work remotely/safely for you while protecting themselves and their families!"
Amy Ireland	Saint Paul, MN	2020-03-21	"Our librarians, parks and rec staff, and other city workers are the reason St. Paul is a great place to live. As the a Mayor has said, a budget is a moral document. Failing to use money designated for staff salaries when it is in the budget and available - especially in a time of national crisis - is a moral failing."
Maica Lelis	San antonio, TX	2020-03-21	"Working at the Library doesn't only mean checking out books. We do more than that. In my three years working with St Paul Public Library, I have witnessed all branches serving the community as a place to access resource information such as social worker support, assistance with tax help, job search and application, early child programming, youth and adult services, and so much more."
See vang	Minneapolis, MN	2020-03-21	"Our multi skilled frontline staff are the hardest working people. We deserve better."
Kyle Dekker	Saint Paul, MN	2020-03-21	"I'm a St. Paul citizen and want to take care of my neighbors!"
Dua Thao	St Paul, MN	2020-03-21	"Thank you for all your support everyone. This is my 20th year with Saint Paul Public Library. I love my job, the city I live in and the community I serve."

Erin Zolotukhin-Ridgway	Saint Paul, MN	2020-03-22	"I support this because a library worker I know that my colleagues deserve to be supported for their hard work and not forced to use up their leave or go into negative balances because of a situation that is out of everyone's control. The only thing that is in our control, is OUR response to it."
Mary Dubbs	Minneapolis, MN	2020-03-22	"Librarian, Hennepin County. Forcing employees to exhaust PTO during an extended pandemic is inhumane, short sighted, and petty. St. Paul needs to take care of its workers."
Deborah Bonet	El Sobrante, CA	2020-03-22	"Short sighted irresponsible decision with it irreversible consequences."
Kathleen Coughlin	Phoenix, AZ	2020-03-22	"I'm signing because this is a Pandemic, not an extra day off for a picnic! I'm shocked that a normally forward thinking city is treating their employees so badly! Shame on you!"
Kelly Campos	Lansing, IL	2020-03-22	"In unprecedented times, you must approach things in a new way. The healthiest movement forward for the city is to have workers HEALTHY when this pandemic is over. And that is in ALL ways. Medically, financially, and emotionally. Follow this course of action to its logical conclusion. If your people are forced to come to work in a global pandemic and risk getting themselves and their families sick, when this is over, you will be faced with a rash of unnecessary hiring to replace good people. Aside from the immorality of your stance, it just doesn't make sense."
Daniel Hesse	Saint Paul, MN	2020-03-22	"Keep our people employed and healthy so we can restart work immediately and efficiently as possible in order to maintain the quality of services our residents deserve. Laying off employees

Name	Location	Date	Comment
			will insure long-term disorder and confusion when we return to service."
Julie Walker	Minneapolis, MN	2020-03-22	"Because city workers are the back bone, they are valued hard workers, and get little credit... without them you will see problems you never thought of.."
Dan Sparks	OKLAHOMA CITY, OK	2020-03-22	"This is needed everywhere. When I am in your city, I use your library services. Please support these dedicated, hard-working public servants."
Caitlin Archer-Helke	Flossmoor, IL	2020-03-22	"Saint Paul city workers deserve the basic dignity and respect of paid pandemic leave. Failing to give them paid leave for a situation beyond their control will blight Saint Paul for years. Make the right choice. Give city workers the paid pandemic leave they deserve."
Kareem Smith	Saint Paul, MN	2020-03-22	"It's the right thing to do."
Jake Eismeier	Decatur, GA	2020-03-22	"Signed in support of a librarian friend in St. Paul"

cate winnicki	Rockford, IL	2020-03-22	"All city workers across the country should be getting paid sick leave, and paid for this forced time off work."
Sarah Jirik	Minneapolis, MN	2020-03-22	"Everyone needs more time right now. Schools are closed elderly need more care with fewer people to do it. We need work with less, and accept the deficiencies."
Sabrina Dore	Saint Paul, MN	2020-03-22	"It is ethically wrong, and short sided (business wise) to not continue to pay library workers during this pandemic. I'm appalled, really. In my MA leadership course, we studied leadership. Thank you, City of St. Paul, for exemplifying what strong leadership is NOT."
Adrienne Kane	Chicago, IL	2020-03-22	"During this dreadful unprecedented tragedy the very last thing rank and file workers need is the uncertainty of a reduced wage. Please I beg you to keep people paid. This tragic illness will end and your workers will be ready and needed to return full strength to their positions."
Mark Sutherland	St. Paul, MN	2020-03-22	"Paid Emergency Pandemic Leave for employees who are ill, taking care of loved ones due to illness or school/daycare closures, or Government mandated closures. Employees should not be forced to drain existing sick or vacation accruals and employees have the right to save them for when they do fall ill or need to take time off in the future. Employees should not be forced to accrue negative sick and vacation hours as this is not a responsible and viable solution during this pandemic, and in fact further jeopardize employees' well-being and future job stability and pay. We request the City of St. Paul provide an Emergency Leave Fund for the pandemic throughout the duration of the leave. An extension of all benefits, including medical, throughout the Emergency Pandemic Leave to ensure no gap in coverage. An opportunity for employees who can work remotely to do so. Managers and supervisors require a daily

Name	Location	Date	Comment
			list of who is working from home and/or if anyone is out ill. Closure of all services that are not"

Erica Wagner	US	2020-03-23	"These workers deserve protection. Literacy is important. Our public workers are important!"
Teresa Groat	Chicago, IL	2020-03-23	"This pandemic is an unprecedented event that will effect so many for months to come. Take care of your employees."
Therese Scherbel	Saint Paul, MN	2020-03-23	"We want to work. And there's work to be done. If we can't, we still need to pay the bills— including staff who don't have the sick or vacation time. Let's use the money budgeted for staffing in the City budget before asking staff to apply to the state for relief."
Margaret Wilson	Chicago, IL	2020-03-23	"You need to protect city workers!"
Caroline Jones	Austin, TX	2020-03-24	"This is not okay, St. Paul."

Name	Location	Date	Comment
Arah Bahn	Saint Paul, MN	2020-03-24	"I'm signing because these people matter. We need to support them!"
Jeff Whitmill	Chaska, MN	2020-03-24	"It's the right thing to do."
W Jason Strutz	Savoy, IL	2020-03-24	"This is a shortsighted move that doesn't solve anything, and will create so many more problems in the very near future."
Sarah West	Queens, NY	2020-03-24	"This is messed up. The money is there and these workers deserve the money as this is out of their control"
Tanya Misselt	St Paul, MN	2020-03-24	"I support continued pay for public employees who cannot work due to COVID-19."
Maty Claire Croyley	Boston, MA	2020-03-24	"solidarity"
Angel Gardner-Kocher	Minneapolis, MN	2020-03-24	"Solidarity from AFSCME 2864. All workers deserve job stability and paid pandemic leave."
Lily Burrows	Minneapolis, MN	2020-03-24	"my friend's mom is losing income while staying home due to the pandemic"
Erik Lund	Washington, DC	2020-03-24	"It's the right thing to do"
Julie Stephens	Zionsville, IN	2020-03-24	"I'm a librarian in a community that cares about our employees."
Abby Wagner	Roseville, MN	2020-03-24	"You claim you care, so show you care"
Steve Law	St Paul, MN	2020-03-24	"3 people have more wealth that 50% of the population."
Kerstin Forsythe	Saint Paul, MN	2020-03-24	"I believe in city workers."
David Sandbeck	Saint Paul, MN	2020-03-24	"The mayor made sure the billionaire owner of the Wild gets millions more in the form of rent control.I hope he keeps saint Paul workers paid too!"
David Bonello	Stanchfield, MN	2020-03-24	"People need to be bailed out. We don't need money being tossed at the rich again. It's the people who are suffering."
Melissa Skluzacek	Ridgewood, NY	2020-03-24	"Send these people home now. As someone in the epicenter in NYC, do not hesitate, every hour, every minute counts here. This wave will move thorough our country, not just here. To think otherwise is naive and dangerous. Find common ground to protect people. Do the right thing, send people home now. With love and solidarity from NYC."
Bill Seifert	Minneapolis, MN	2020-03-24	"We need library services more than ever."
sue miller	Katonah, NY	2020-03-24	"Common sense is running low."
