Attached is a oopy of a document we will bring down to the Council offices.

Questions:

1. Did you really mean to include the owner's unit, Apt 1, in the vacate order? If so, on what grounds did you modify the City Council's resolution and all prior statements that specifically excluded that unit?
2. Your letter refers to electric hazards. Specifically what hazards are you talking about? Our expert says there are no hazards.

Thank you.
