4. *The subdivision is in conformance with the comprehensive plan.* The subdivision is in conformance with the housing chapter of the comprehensive plan, which calls for a mix of housing types. It is also in conformance with redevelopment plans for the area.
  5. *The subdivision preserves and incorporates the site's important existing natural features whenever possible.* The site is in a fully-developed part of St. Paul with no remaining natural features.
  6. *All land intended for building sites can be used safely without endangering residents by peril from floods, erosion, continuously high water table, severe soil conditions or other menace.* The site is a flat, fully developed area with no flooding, erosion, high water table or soil condition problems.
  7. *The subdivision can be economically served with public facilities and services.* The subdivision can be economically served with public facilities and services from surrounding streets.
- I. **PARKLAND DEDICATION:** §69.511 requires dedication of two (2) percent of the total land area of the plat for public use, for parks, playgrounds, trails, open space, or conservation purposes. At the discretion of the City Council, a cash dedication in lieu of land may be paid prior to the city clerk's signing of the final plat.
- For this subdivision, staff recommends a cash dedication in the amount of \$960 in lieu of dedication of land.
- J. **STAFF RECOMMENDATION:** Based on required findings 1 through 7, staff recommends approval of the preliminary and final plat for St. Anthony Park Townhomes subject to the following conditions:

May 23, 2011

Dear Mr. Dubruiel,

The St. Anthony Park Community Council would like to voice our support for the replatting of the eight St. Anthony Park Townhome units at 2322 Long Avenue, zoning file #11-1287310-106259.

However, we recommend against any additional lots beyond the original eight lots that are going to be replatted on Long Avenue due to inconsistent information, importance of maintaining green space, and concern that the additional lot would be at the lowest spot on the property.

There were many neighbors present at the Land Use committee meeting who were strongly opposed to any additional buildings and were very concerned with the lack of aesthetic consideration in the current and proposed units.

We would appreciate clarification as to the number of plats and timeline for this property. Thank you for your consideration- please feel free to contact us with any questions or for clarification on our comments.

Sincerely,

A handwritten signature in cursive script that reads "Lauren M. Fulnerickson".
