Hi Bill,

The Husky was provided to us by one of our key sponsors in 2007. The Northern Tool + Equipment marketing and advertising department gifted it to the Saints organization; we have put it to good use for 8 seasons.

On March 27, 2015 the Husqvarna utility vehicle was re-gifted to the Saint Paul Fire Department Training Center by the St. Paul Saints Baseball Club.

We bestow this used equipment to you with our thanks for being such great neighbors for 22 seasons.

If you or others have further questions, feel free to call or email me.

Many thanks and all the best,  
Annie
