Subject: Medtronic TC Marathon 2017 Summit Ave Sound Level Variance

To whom it may concern,

I received the letter regarding the request for a sound level variance on Sunday Oct 1 between Dale St. and St. Albans on Summit Ave. Typically when we receive such a notice more information is given about what exactly is planned.

I have no issue if there are speakers blasting at St. Albans St at Summit Ave. However, we have a Marathon party in our front yard at 638 Summit Ave every year and I do object if there are loud speakers in front of our house.

I am not able to attend your meeting but the letter stated that I could e-mail my comments before or on Sept 19. So, I expect them to be part of the record.

Best,

Lauren Hill
