Yes, just 2 wood pallets. There was never any vehicles in the yard. Only items in the yard were a small boat, pull along camper and 2 wood pallets. We moved the boat nearest the rear of the pull along camper as told by your office and placed current tabs on the pull along camper.

It's just the pallets, correct? And not the vehicles, too?

Hi Mai

I'm sure we'll need until spring (April-May) depending how the winter remains to remove the 2 wood pallets as there are frozen into the ground. All other items were completed as requested. I'll wait to hear back from you. Your assistance is greatly appreciated.

Best Regards,

Mr. & Mrs. Jefferson

I mentioned this to the hearing officer yesterday but wasn't sure how long you are asking for so I will ask her again. If she says no, then you will need to attend the City Council Public Hearing, but likely she will say yes and will do an amendment of the resolution. I will let you know as soon as I talk to her this morning, yet she is not in the office yet.

Revised Letter: 798 Iglehart Ave

RE: Letter dated 1/29/18; Appeal for Property at 798 Iglehart Ave

UPDATED:

We were able to move the boat to the back of the yard nearest the pull along camper. The current tabs are also on the pull along camper. However, we still are unable to remove the 2 wood pallets as both are frozen into the ground.

I would like to ask that we are allowed more time to complete the correction on the 2 wood pallets, preferably early spring when the ground will be thawed. Please advise if we need to make an appearance at the City Council Public Hearing on Wednesday February 7th at 3:30 pm in room 300 Council Chambers as mentioned in your previous email.

Best Regards,

Mr. & Mrs. Jefferson

Unfortunately, due to our cold winters in Minnesota we are unable to remove the 2 wood pallets from the yard and move the boat towards the back nearest the camper as both items are currently frozen to the ground. We have used several large bags of salt on several occasions to help with the removal and nothing has worked. We have placed the current tabs on the pull along camper as instructed in your letter dated 1/29/18. I would like to ask that we are allowed more time to complete the corrections, preferably early spring when the ground will be thawed.

Best Regards,

Mr. & Mrs. Ward Jefferson
