Hi Clare!

Chris said to have you look in legistar to see if there was anything for Q4 referrals on 1289 Hartford and 1232 Scheffer. The p/o rec'd public hearing notices for both, but they have been razed / under rehab since the start of the program and are still under construction according to STAMP. Chris said that if they are not set to be removed at the public hearing to have you create an AR Revision for both, as there should not have been any billing for either of these properties.

Thank you!

Alisha Black
