Dear Mr. Fischbach,

The Board of the Frogtown Neighborhood Association is in strong support of the request made by the Langano Deli and Restaurant LLC for a Wine on Sale and Malt on Sale (strong). Dr. Marcus Bekuto and his wife purchased the building eight years ago and he has been running his accounting business out of the building since then.

We are very excited to support a business owner with a long term commitment to the community in their expansion plans with the new restaurant. It will be a fantastic addition to the neighborhood.

We are hoping this letter of support will allow the 45 day waiting period to be waived.

Please call us with any questions or comments related to this endorsement.

Sincerely,
