This is a courtesy copy of an email bulletin sent by Barb McMonigal-St. Dennis.

This bulletin was sent to the following groups of people:

Subscribers of ENS - D11: Hamline Midway Coalition, ENS - D7: District 7 Planning Council, or ENS - D8: Summit-University Planning Council, (1026 recipients)

Event: Hardrives, Inc. Ramsey Co Mill and Overlay Construction Project, Lexington Pkwy, b/w St, Anthony Avenue and Marshall Avenue

Description of Variance:

Location: Lexington Pkwy, between St. Anthony Avenue and Marshall Avenue

Noise Source: Hardrives, Inc., as part of a Ramsey County Mill and Overlay Construction Project, has applied for a sound level variance, for operating general construction/demolition equipment and other repair and installation equipment for a mill and overlay construction project. Rehabilitation and removal of deteriorated roadway and construction and installation is required. Work is to take place, weather dependent, for a one time, one night overnight period, from Sunday, July 15, 2018 until Sunday, August 5, 2018, from 7:00 p.m. until 7:00 a.m. for activities such as asphalt removal, milling and asphalt rollers and paving, bobcat use, back up equipment beeper use, dump trucks and street sweepers, and hand power tools, without conducting jackhammering at night. The project proposes to allow elevated sound levels during overnight hours, from 7:00 p.m. until 7:00 a.m. on Lexington Pkwy, between St. Anthony Avenue and Marshall Avenue. The Department of Safety and Inspections is recommending that the variance would include project night time work, with elevated sound levels not to exceed 70 decibels (dBA) at 50 feet from 7:00 p.m. until 7:00 a.m., for a one time overnight period between Sunday, July 15, 2018 and Sunday, August 5, 2018; and, that the occupants of property located within 400 feet of the work location be notified in writing by Hardrives, Inc. a minimum of forty-eight (48) hours prior to the start of the work. DSI also recommends that Hardrives, Inc. provide personnel and equipment to ensure compliance with the variance conditions. Contractors working on the project to use best practicable methods for controlling noise such as noise blankets, shields or portable sound barriers. Construction activities should be scheduled to minimize noise as much as possible in the late night and early morning hours.

A public hearing before the City Council on this variance request will be held on:

Date: Wednesday, July 11, 2018

Time: 5:30 p.m.

Location: 3rd floor, City Hall Council Chambers

If you attend the public hearing, you will be given the opportunity to present verbal comments or objections before the City Council. If you are unable to attend the public hearing, you may within fifteen (15) days of the mailing date on this notice, submit written comments or objections with the City of St. Paul, Department of Safety and Inspections, 375 Jackson Street, Suite 220, Saint Paul, Minnesota 55101-1806, attention Barb McMonigal-St. Dennis or by email to barb.mcmonigal-st.dennis@ci.stpaul.mn.us. Written comments or objections must be received on or before Tuesday, July 10, 2018.
