Subject: Appeal of Condemnation and Order to Vacate RLH VO 21-34 (forwarded email to DSI dated 10-12-2012)
Date: Sunday, August 29, 2021 6:18:47 PM

Think Before You Click: This email originated **outside** our organization.

Dear Legislative Hearing Staff, City Council Members, and all others,

Please consider this forwarded email in my appeal of the decision of Marcia Moermond to recommend the condemnation of my home and the retroactive order to vacate my home by Friday, August 27, 2021. It is evidence of reprisal directed at me by DSI employees dating back to 2011.

Sincerely,

Salina Amey

Inspector Tank,

The permit was for a permanent fence valued at \$1,000.00.

https://www.stpaulonestop.com/AMANDA5/eNtrprise/StPaul/m3list/e_web_listsubmit.jsp?pagename=a_PickProperty.jsp

This unsightly fence does not meet code, and it is on my property. Ben Brown tore apart three permanent fences last fall. Two of those fences had been in place for long since before I moved into my home sixteen years ago, and one was erected approximately five years ago.

The unsightly orange fence is almost a foot over my property line, and puts the entire side arm of my retaining wall system on the other side of the fence. Ben Brown does not have a right to seize the arm of my retaining wall, and it is wrong of you to act in such a way as to support this wrongful behavior on his part.

The wooden privacy fence panels that Mr. Brown tore down last fall are still in his yard. Mr. Brown has all the supplies to restore a permanent fence to the exact location that a permanent fence was for at least sixteen years, and most likely for decades.

You have no authority to change the property lines that have existed on my property for decades. The garbage, debris, and billowing excess orange plastic mesh are killing my grass. Why has Ben Brown been permitted to leave trash on my property line for almost a year?

Salina,

Mr. Brown was issued a permit for a temporary construction fence on June 25, 2012. Once the fence is installed, he has 180 days before it must either be removed or replaced with permanent fence.

On July 27, 2012 I met with Mr. Brown to establish where the property line is. You were on site as well. There was a property pin found in the front yard, and we transferred the dimensions to the rear property. Mr. Brown was instructed to string a line between the two points which he did and I inspected on August 24 2012.

On October 9, 2012, I observed that the temporary fence appears to be installed. I will send Mr. Brown a letter reminding him that on April 9, 2013, the orange construction fence must be removed. If he intends to install a permanent fence, he will need to obtain a new permit.

Hi Dave,

Attached is a photo of the fence. It would please me for it to be ordered to be taken down.

Thanks,
