Subject: 571 Van Buren

Dear City Clerk and City Council Members,

I am sending this email regarding a notice that I just received for a \$5000 Vacant Building Fee. I am traveling this week and I am out of the state. I am requesting this hearing to be rescheduled to a later date that I can participate in. I have called around 4 different departments and phone numbers and nobody could help me. I was told that previous notices had been mailed to me on this Assessment, however I did not receive them.

I am requesting to find someone that I can speak with and work with the City to either rent this property or sell it. I am asking for help from the City to find contractors that can do some work on the property to get it ready for rent/sale. I also need additional time, as the contractors that I have talked with have not been able to help or not follow up with me. I do not want to work against the city nor do I want to pay a \$5000 fine. I am hoping that you will reschedule this matter and recommend someone I can speak with about this matter.

I spoke Mia Vang, today 1-17-24 at 9:29am. Ms. Vang stated she is requesting for a new hearing to be set for Feb 6.

Thank you for working with me and against me.
