Hello,

We write to express our opposition to this noise variance. It is too easy for promoters to forget that people live in DT St Paul and have rights to reasonable quiet.

It is difficult to believe that attendees will have a hard time hearing this event without this variance...very difficult. There is simply no need to make something loud even louder or to promote noise for noise sake.

We happen to be jazz fans and are something of regulars at Vieux Carre and frequent The Dakota and Black Dog for jazz. What we DO NOT WANT is to open the door for unreasonable noise for ANY music events in our neighborhood.

The existing ordinances were put in place for a purpose. Let's abide by them.
