I have made many unsuccessful attempts in trying to determine how one goes about the Appeal Process for this invoice.

I have called my Council Person Amy Brendmoen, the City Clerk, and City Assessment office to no avail. Each office said they didn't know, but told me they would get back to me. It has been over a week to two weeks and I have no answer.

Bottom line - - no one has told me how to appeal. The three and one half lines on the back of the invoice talked of having to file a notice, but gave no instructions for what notice or where to get one. It speaks of 20 days after the order adopting the assessment - and gave no information on what the order is or when the adoption is to take place. It states the appeal is to be made in the Ramsey County District Court and then the same notice with the Clerk of District Court? Seriously, how does one know how to do this? Who helps?

- \* What notice?
- \* Where does one know how to find such a notice?
- \* What is the order?
- \* When is the order adopted and how?
- \* Etc?

I would greatly appreciate a telephone call: 651-774-2707.

Sincerely,
