Subject: Truth and Reconciliation Committee
Date: Tuesday, December 1, 2020 3:31:34 PM

As we march towards the "Beloved (st. Paul) Community", through our city budget, we call on setting up a Truth and Reconciliation Committee (TRC). This committee will be charged with looking through the work of law enforcement over two decades.

Building trust and a deep relationship with a community harmed by the exercise of power in st paul requires an intentional process. TRC is a reparative, restorative, and informative process. When we intend to repair harm, restore humanity, and reform the system, we will transform pain instead of transferring pain and disenfranchisement.

Please involve the affected communities and families in the process. We need our city budget to reflect our intent.

Sincerely,

raj
