To whom it may concern,

I have submitted payment for the 2021 Street Maintenance Service Program for Lighting and Sweeping.

My concern is that our street really doesn't have lighting and there is never a sweeper in the alley or the street in front of my house. My front yard is continuously used as a garbage can by passers-by, the alley is constantly littered with trash, and zero city cleanup is done.

What am I actually paying for? Where is there work actually being done?

Have a good day.
