SUBJECT: Qualifying Builder - Examination Results

Congratulations! I am writing to inform you that you received a passing score of **82%** on the Qualifying Builder examination taken on January 20, 2022.

You are now qualified to act as the qualifying person for a **Residential Contractor** license. Please visit our website at [www.dli.mn.gov](http://www.dli.mn.gov) to obtain the application forms required to obtain a license or to become the qualifying person (QP) for an existing business license. You are prohibited from contracting or offering to contract to perform residential work for which licensure is required until you actually obtain a license or qualify for an exemption from the licensing requirements. Unlicensed activity is a misdemeanor and can result in a fine of up to \$10,000.

Whether you become a QP now or not, you must begin taking 14 hours of approved continuing education (CE) every two years in order to remain eligible to act as a QP. Of these 14 hours, one hour must relate to the Energy Code and one hour must relate to business management strategies.. A list of approved CE courses is always available on our website:  
<https://secure.doli.state.mn.us/cldcecourses/>

To enable us to track your required CE experience in the future, we have issued you a registration number that continuing education sponsors will need to use to report your CE hours directly to us. Your registration number for Qualifying Builder is **QB789729**.

If you have any questions regarding this letter, please call 651-284-5031.

Sincerely,

Licensing and Certification Services
