Attachments:

Hello everyone,

I wanted to provide you with some information in preparation for tomorrow's hearing. I have attached the repair estimate and engineering report for your review. I should have a timeline as well in the near future – however, the expected time to complete the work is estimated on the attachments. I have confirmed that the property taxes are current, and that the property is being maintained. I am attempting to obtain pictures for tomorrow.

In addition, the bond is in the works at this point. I understand that my client has approved the placement of the bond, but it is taking some additional time to coordinate.

If you have any questions, please let me know.

Thanks,
Dave
