Subject: Voice Mail (2 minutes and 22 seconds)

Hello. My name is Naomi Zupfer. I live on the West Side of Saint Paul. My email address is NaomiZupfer@gmail.com. I'm calling in regard to the public hearing notice for the assessment that was done on our street. We had sealcoating done, and I think this was done maybe last spring or last summer. As soon as this the street was sealcoated, there were massive holes, but there are holes all over in our streets, so I don't know what the sealcoating did. I'm hesitant to pay \$466.50 for something that has not solved the problem of our street. We have kind of a sink hole I would say in the middle of our street, and so I'm also going to call maintenance and see if they can come and take a look at it because it needs to be filled all the time and the sealcoating just didn't. Obviously, it didn't solve the problem, and we have a number of holes in the middle of our street so just wanting to at least voice that because it's a little frustrating. It's really expensive, and it also didn't solve the problem with all the holes in our street. So again you can contact me if need be, but I would love to at least put that out there and let you know that we're a little frustrated with the cost. Alright, thank you for listening. I appreciate it. Bye-bye.
