PUBLIC HEARINGS

The Council reconvened for public hearings at 5:32 p.m.

Council President Lantry said it was noted after the 3:30 portion of the meeting that because Councilmember Thune had not been present for the adoption of the Consent Agenda he should not have been able to recall it. She said they would just publicly acknowledge the procedural error rather than re-do the Consent Agenda again.

- 22 **RES PH 11-915** Approving the application of Lao Family Community of MN, Inc. for a sound level variance in order to provide amplified sound from 8:00 a.m. until 9:00 p.m. on July 2 & 3, 2011 during the Annual Summer Sports Tournament at the McMurray Fields, 1155 Jessamine Avenue.

Sponsors: Stark and Helgen

Bill Gunther, Department of Safety and Inspections (DSI), said there had been two letters in opposition and three in support, and one telephone call in opposition to the "cacophony" but not to the event.

In support:

Long Yang, Executive Director of Lao Family Community, said this was the 31st year and they were looking for the support of the Council, DSI and the neighbors. He said they had attempted to make the variance requests as small as possible.

Councilmember Stark moved to close the public hearing. Yeas - 7 Nays - 0

Councilmember Stark said there had been a good community meeting the previous night that he and Councilmember Helgen had attended. He said it had been over all very positive and the number of complaints over the years had come way down.

At Councilmember Helgen's request, Mr. Gunther reviewed the decibel limits and plans for monitoring and enforcement.

Councilmember Stark said one of the things that had come up at the meeting was that this was the first year all of the sound would be controlled by the appellant, which was a positive step and would allow them to manage it more than in the past.

Councilmember Stark moved approval.

Nay: 0

- 25 **RES PH 11-923** Approving adverse action against Nader Nooryshokry d/b/a 3N Enterprise, 545 University Avenue West.

Sponsors: Carter III

Kyle Lundgren, Assistant City Attorney for the Department of Safety and Inspections (DSI), described the violations. He said DSI recommended a \$1000 fine, an upward departure from a first to a second offense, based on the number of violations in a short time period. At Councilmember Carter's request he clarified that there were two new violations and two ongoing at the time of the re-inspection.

In opposition:

Nader Nooryshokry (545 University Avenue) said the establishment had been there for over 40 years, and he'd been working there serving the community for the last ten, but everyone had been giving him a hard time since the light rail. He displayed photographs of the business and said he couldn't stop people from coming in for repairs. He said the City would no longer allow him to rent the neighboring lot for overflow, and had put a No Parking sign and taxi parking at the entrance to his property. He asked to have an exception for an extra eight cars in case of emergency. He said he respected the ordinances but asked that the Council see his side and allow him to provide service to the community. He referred to the photographs and said he took good care of his property. He said some of the photos showed cars that were not his. He said he could not afford to pay an extra \$1,000 in this economy.

Councilmember Carter moved to close the public hearing. Yeas - 7 Nays - 0

At the request of Council President Lantry, Assistant City Attorney Rachel Tierney clarified the requirements for making changes to license conditions.

Councilmember Carter noted that Mr. Nooryshokry was requesting a provision for eight additional vehicles, but there were 36 at the time of the violation when the license conditions allowed a maximum of 21. He acknowledged the photographs submitted by Mr. Nooryshokry, but said photos in the file indicated the lot was not in compliance at the time of the inspection, and the standard was for it to always be in compliance. He said customers being unable to pull into the lot was in contradiction to Mr. Nooryshokry's stated commitment to serving the community. He said the Council had to enforce the conditions; he moved approval.

- 26 **RES 11-540** Final Order approving the Cherokee Regional Bicycle Trail project and acquiring property rights along the north side of Ohio Street between Plato Boulevard and Cherokee Avenue for said project.

Sponsors: Thune

In opposition:

Alphonse J. Matt, Jr. (201 Ohio Street) said he didn't understand all of the circumstances well enough to be in support or opposition. He said City staff had been cooperative and informative regarding objections he'd raised, but he still felt he needed more information. He said his was one of only three or four businesses in the area paying taxes, and he was looking for a resolution between tax-paying

business owners, the City, and the general public.

Councilmember Thune said he'd met with Mr. Matt's attorney and discussed a lot of issues. Mr. Matt said he'd heard from his attorney that it had been a good meeting, but he still felt he needed more information. He said he didn't feel the interests of business owners were considered, and asked whether the vote could be postponed to allow more time for discussion.

Marcel Chevrette (215 Ohio Street), business owner on Ohio Hill, said he was neither opposed or in favor, but had concerns about the unknowns during construction. He said City staff had been helpful but hadn't been able to address all of his concerns. He said he had experienced a similar project on the street at his home, and his biggest concern was how his business would be protected during construction.

Jane Prince (Weinblatt and Gaylord, 111 E. Kellogg Boulevard), attorney representing Mr. Chevrette, acknowledged City staff who had come out to work with Mr. Chevrette on his conditions, and said they were working on letter of agreement. She said it was their observation was that bike commuters who already used the street would continue to, but the enhanced bike path would create the perception that it was safe biking for pleasure bikers. She said it was a very steep hill with two commercial driveways. She said that with continued of good faith negotiations, her client's concerns could be addressed, and and it would be a matter of the City sticking to its side.

Councilmember Thune moved to close the public hearing and asked for project staff to provide a brief report. Yeas - 7 Nays - 0

Don Varney, Parks and Recreation landscape architect and project manager for the project, reviewed the project history and funding, and said it filled a gap that had been identified for along time. He said the project construction documents were prepared by a consulting engineer using current state bicycle safety standards. He said the only place the standards weren't met was at the steepest part of Ohio up the hill. He displayed an map and said the businesses were at the bottom of the hill where the street flattened out and there were good sightlines from both directions. He said projections made based on a Metropolitan Council traffic study indicated that bicyclists and pedestrians on the trail would not constitute a significant impact on the businesses as far as their ability to enter and exit their properties.

Councilmember Thune addressed some of the concerns related to traffic safety. He said he would like more answers on how much street would be dug up and how long people would be put out of business. Mr. Varney said the construction specifications called for construction in front of the businesses to be held off until September to avoid work during Mr. Chevrette's busiest time. He said the time period of limited access would be minimized and one driveway at a time would be done. He described similar accomodations being made for Mr. Matt's business.

Councilmember Thune said he'd considered laying the matter over but had confidence that people were working in good faith. He noted that it was okay to work one on one with businesses instead of applying a blanket policy. He moved approval.

- 43 RLH VO 11-19** Appeal of Michael Rosenblum to a Notice of Condemnation as Unfit for Human Habitation and Order to Vacate at 433 CRETIN AVENUE SOUTH.

Sponsors: Harris

Legislative Hearing Officer Marcia Moermond reviewed the history of the situation including the original correction notice, development of a work plan, involvement of the House Calls program, and eventual condemnation and order to vacate. She said due to dangerous conditions and lack of progress her recommendation was to order the property vacated that day. She said the mother of appellant indicated an apartment was available that day.

In opposition:

Michael Rosenblum (433 Cretin Avenue S.) said the inspector was overzealous, and the information from his parents was exaggerated. He said a lot of work had been done and he could show it was not hazardous. He said the report of unsanitary conditions was fabricated, and there had been a misunderstanding with the inspector as to which areas were to be completed first. He acknowledged he had a problem and said he was working on it. He displayed photographs showing the progress he'd made, and said he was getting help getting things organized and really needed to stay in the house. He reiterated that the inspector was overzealous.

Councilmember Harris moved to close the public hearing. Yeas - 7 Nays - 0

Councilmember Harris said he appreciated Mr. Rosenblum's testimony and his efforts, but there was still a lot of progress to be made before Mr. Rosenblum could live in the house. He moved to accept the recommendation of the Legislative Hearing Officer.

Legislative Hearing Officer Marcia Moermond said her recommendation as it stood was removal of the building within 15 days. She said she'd just received materials indicating that the owner wished to rehabilitate the structure but she hadn't had a chance to review them. She said her conditions would be posting a \$5000 performance deposit and pursuing a shortened redemption period. She said her concern was that foreclosure process had been initiated a long time before and there hadn't been follow through. She said the item could be referred back for a June 14 Legislative Hearing and come back before the Council on June 15 to allow time for her to review the work plan and financials.

Council President Lantry confirmed with Ms. Moermond that there had been a Legislative Hearing already, and the appellant had attended.

In opposition:

Jared Gorlitz appeared representing Peterson, Fran and Bergman, PA (55 E. 5th St., Suite 800, St. Paul), foreclosure counsel for the property and for BAC Home Loan Servicing, the servicer of the mortgage. He said the owner of the mortgage was Deutsche Bank as trustee for some certificate holders. He said they'd received information from the June 10 [incorrect date] Legislative Hearing and had just provided all of the required documentation. He said there had been a delay in the foreclosure process and those issue had been addressed and the foreclosure was proceeding with a reduced redemption period. He said they felt rehabilitation was appropriate, and reviewed financials supporting that.

Council President Lantry asked when the Code Compliance inspection was requested. She noted that there had been 20 summary abatement notices. She said she wanted to see the property rehabilitated but the City had been managing it at

great expense to the City and neighborhood. She said the initial Legislative Hearing was on May 10, and the Code Compliance should have been requested on May 11. She said Ms. Moermond's requirements were not unclear or unreasonable and were the same for everyone, and she suggested that all requirements be met by the 14th. Mr. Gortitz said that message had been clearly articulated. He said the Code Compliance inspection had been requested prior to the May 10 hearing but required reports from a number of inspectors and had not yet been completed. He assured the Council that they were aware of the conditions.

Council President Lantry moved to refer the matter back for a June 14 Legislative Hearing and continue the Council public hearing to June 15.

LEGISLATIVE HEARING ITEMS REQUIRING DISCUSSION

- 50 **RLH VBR 11-40** Appeal of Nguyen and Chu Properties, on behalf of PRO Realty Services, to a Vacant Building Registration Notice, Code Compliance Report, and Revocation of Fire Certificate of Occupancy & Order to Vacate at 565 THOMAS AVENUE. (Laid over from June 8)

Sponsors: Carter III

Legislative Hearing Officer Marcia Moermond described the circumstances leading to the revocation of the Certificate of Occupancy and referral to the Vacant Buildings program. She noted that there had not been an appeal at the time of the revocation, and a Code Compliance inspection had been completed, confirming the Category 2 status. She said the owners had invested money to rehabilitate the property and meant to take care of it, and her recommendation was to waive the vacant building fee for 90 days pending completion of the Code Compliance repairs.

In opposition:

Gregory Prosch and Leah Frenning appeared representing property managers Pro Realty (3570 Lexington Avenue N., #202, Shoreview). Mr. Prosch said the property was incorrectly deemed vacant due to a miscommunication between new tenants and the inspector, and the property owners then ordered the Code Compliance to comply with the notice they received. He said they attended a meeting with the owners and Steve Ubl from Building Inspections, and Mr. Ubl urged them to file an appeal. He asked to be able to go back to the original eleven items on the Certificate of Occupancy deficiency list rather than the 29 items on the Code Compliance list. He said the owners had invested \$35,000 in the property over the previous five years and had intended to invest more but were limited by the current inability to take in revenue and by the requirements of the Code Compliance report.

Council President Lantry asked whether the tenants had a lease. Mr. Prosch said the first page of the lease was in the Council's packet showing that there was a valid lease at the time and payment had been made for the full month. He reiterated that a management company contractor had been present when the tenants had told the inspector they were living at the property but staying with friends for a few days.

Councilmember Carter asked for clarification of how long the tenants were away from the property. Mr. Prosch said they were staying with friends for a week or so. He noted that at the Legislative Hearing there were no clear inspector's notes about the conversation.

Ms. Moermond read from the minutes of the Legislative Hearing that she had asked Mr. Prosch whether the tenants planned to return to the property and he said they had to terminate the lease and were asking for recompense or were considering filing a lawsuit against the owner of the property. He said he felt that would have been avoided with better communication.

Councilmember Carter asked for clarification. Mr. Prosch said they had had to terminate the lease and the now-former tenants were asking to be reimbursed for having to move out. He said if the property had been already unoccupied at that time the tenants would not have to be moving out, and they were considering filing a lawsuit against the owner as a result of the incorrect vacancy status.

Councilmember Carter moved to close the public hearing. Yeas - 7 Nays - 0

Council President Lantry confirmed with Ms. Moermond that the health and safety items would still have to be completed if the Certificate of Occupancy inspection was used instead of the Code Compliance. She said the desired outcome was for the property to be safe, aside from any confusion about whether the property was occupied at the time of the inspection.

Ms. Moermond noted that the testimony of both the Certificate of Occupancy and Vacant Building inspectors was that it was very clear the building was vacant. She said the Council had occasionally used the Fire Certificate of Occupancy inspection as the measure for habitability in spite of the Code Compliance requirement. She suggested a that Certificate of Occupancy inspection be conducted including access to all parts of the building to establish a baseline.

Councilmember Carter moved a one week lay over to allow time to engage directly with the management company and City staff involved to sort out the issues.

Ms. Moermond requested a referral back to a June 7 Legislative Hearing; she said she would have a report for the June 8 Council meeting.

Councilmember Helgen said using the presence of an executed lease as the criteria to determine occupancy was an issue to discuss.

Referred for a June 7 Legislative Hearing; Council public hearing continued to June 8.

Legislative Hearing Officer Marcia Moermond said this was a straightforward snow removal assessment.

Councilmember Helgen said snow was difficult this year for owners of corner lots because of snowpack from the plows, and the resident had tried but was unable to clear it out. He said the City did complete the work, but he would like to reduce the assessment by half to \$150.

No one appeared in opposition; Councilmember Helgen moved to close the public hearing and approve the resolution as amended.
