Think Before You Click: This email originated **outside** our organization.

Was the file and permit closed on February 16th when the reconstruction was done and Mr. Lundeen moved back in or what date was it closed?

Mr. Lundeen will have a difficult time attending and mentally dealing with the June 7th hearing to appeal his case.

Mr Neumann,

The building inspector and Vacant Building inspector have now closed the file and permit. If owner still wishes to contest the fee and get a possible proration of the Vacant Building fee, please let me know so I can create a file for the hearing on June 7 or he can submit the fee to insurance.

Mai,

As James mentioned previously these inspections were done on:

Water meter permit was finalized 2-11-22

The plumbing I believe looks like it was finalized on 4-21-22

You were supposed to call me when those were completed so I could give final approval on the building permit. I have now done this and the building permit is closed. It will be up to James to close the VB file and figure the pro-rating of VB fee's.

Blessings -

All,

I have copied Clint Zane on this chain. This is a VB1. The area inspector would handle these.

So Nathan just needs to close it? I need to know when it should have been closed originally so Marcia can do a proration of the fee.

All,

The permits that are noted in the building permit have both been finalized, it looks like it's just a matter of finalizing building permit and I can close vb file

Hi Nathan and James,

Mr. Bill Neumann, American Family Insurance, reached out to our office on behalf of owner, Russell Lundeen, who received a Vacant Building fee assessment scheduled for hearing on June 7th. He indicated that Mr. Lundeen has been living there since Feb 16, 2022. I see there is still an open building permit. Please confirm whether this is in error and the Vacant Building file should have been closed. I have copied Mr. Neumann in this email.
