

RECEIVED

JUL 19 2017

CITY CLERK

Council President Stark, members of the Saint Paul City Council, and all others present.

My name is Mary Arvanitis. I am a private property owner of 3 parcels of land at 444, 448, and 450 St. Peter Street, better known as The Original Coney Island properties. I also want you to know that I own 3 bicycles.

Each of us neighbors here today possesses vested interests in our vital, iconic, historic St. Peter Street's past, present, and future.

Now, given what I know and aware of what I do not know, I make this following reasonable request. We who live on St. Peter Street need more time among us to discuss the potential effects of the proposed Capital City Bikeway Plan.

In earnestness, a wise move of request is to table the voting for approval to include St. Peter Street, providing us ample time to meet for discussion, and in turn, meet with our ward 2 council member Rebecca Noecker.

What I am able to do now is present you and leave you with our mission statement. And disseminate these photos that visually represent what happens on St. Peter Street to include traffic flow showing buses, trucks, large and small vehicles, loading and unloading, parking of vehicles of all sizes, and the street usage when The Palace Theatre opens for their events.

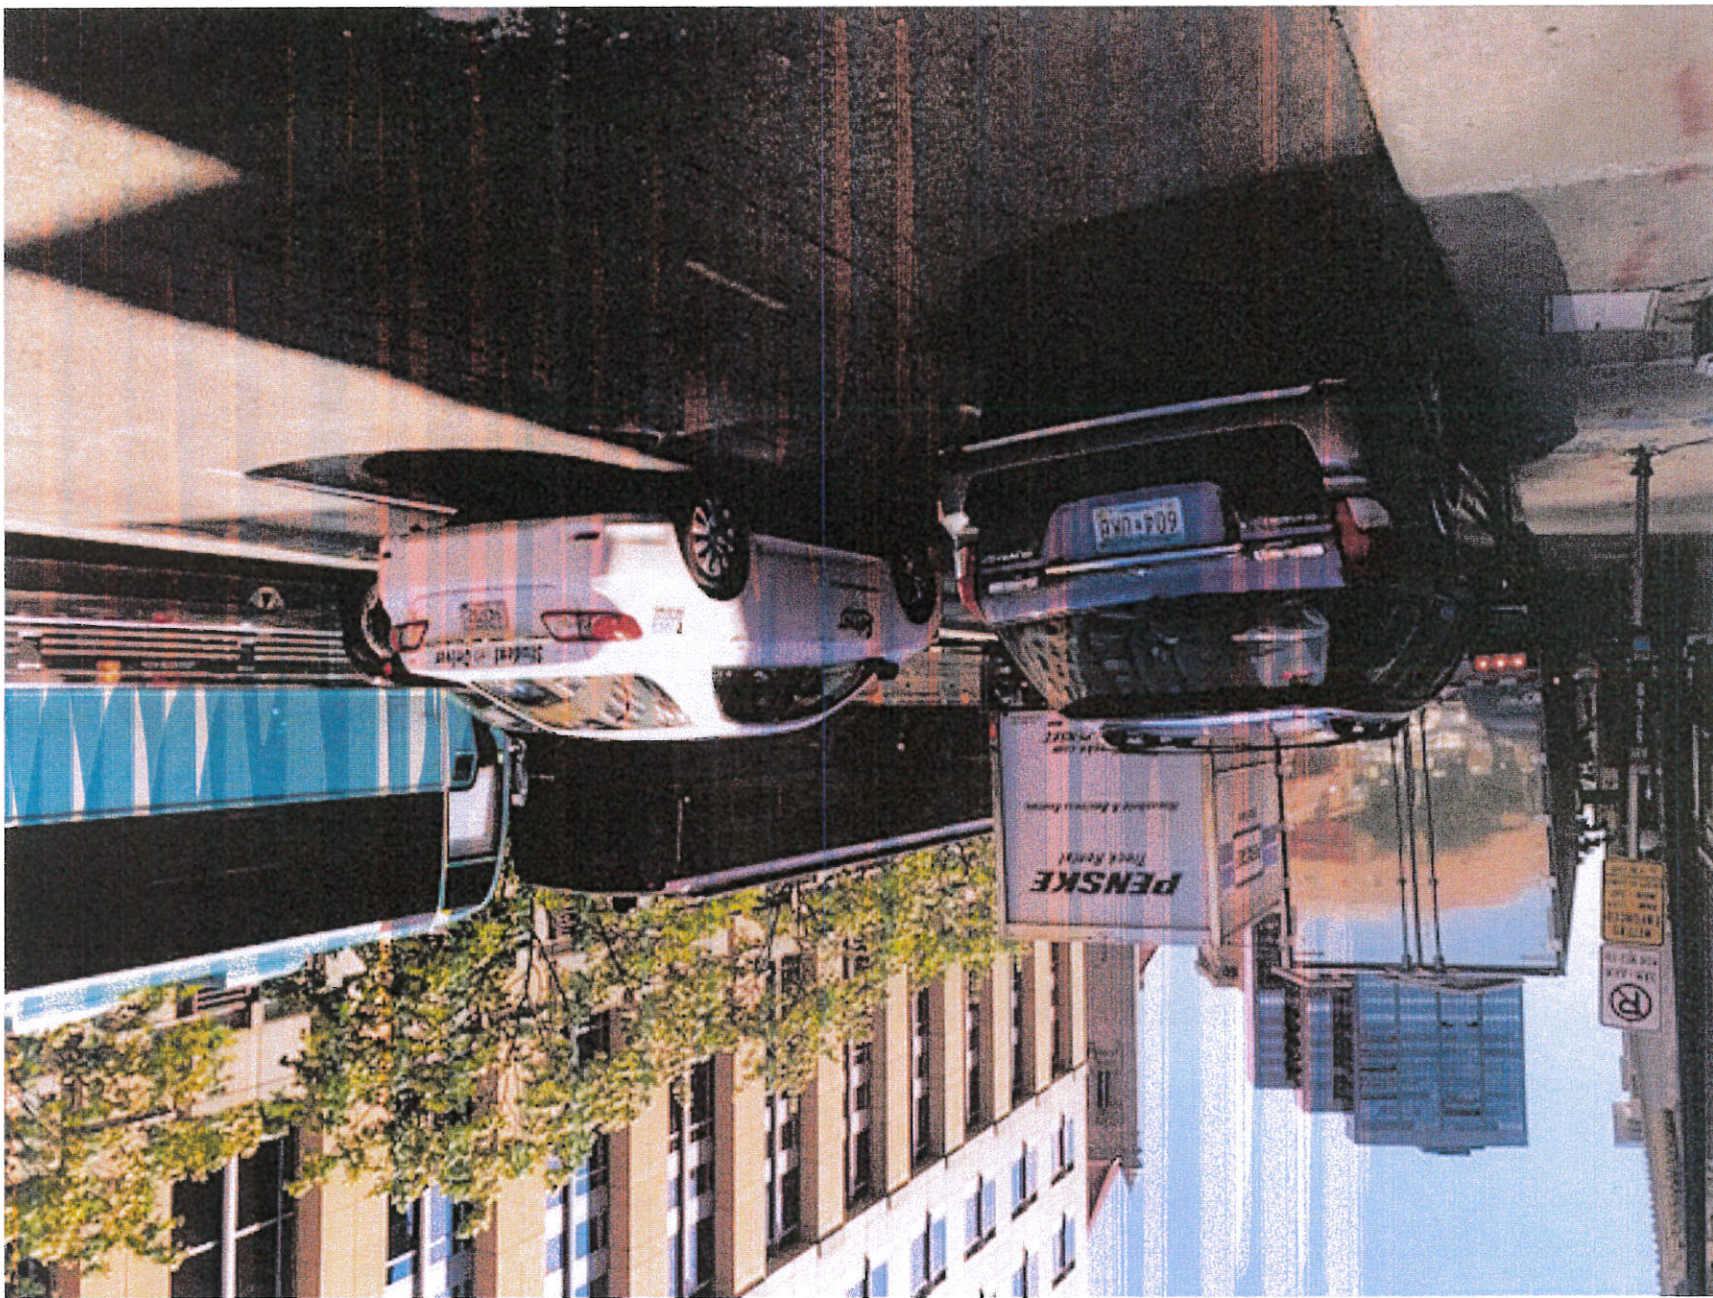

I thank you for your attention. We are here to cooperate and to achieve positive results.

St. Peter Street Utilization

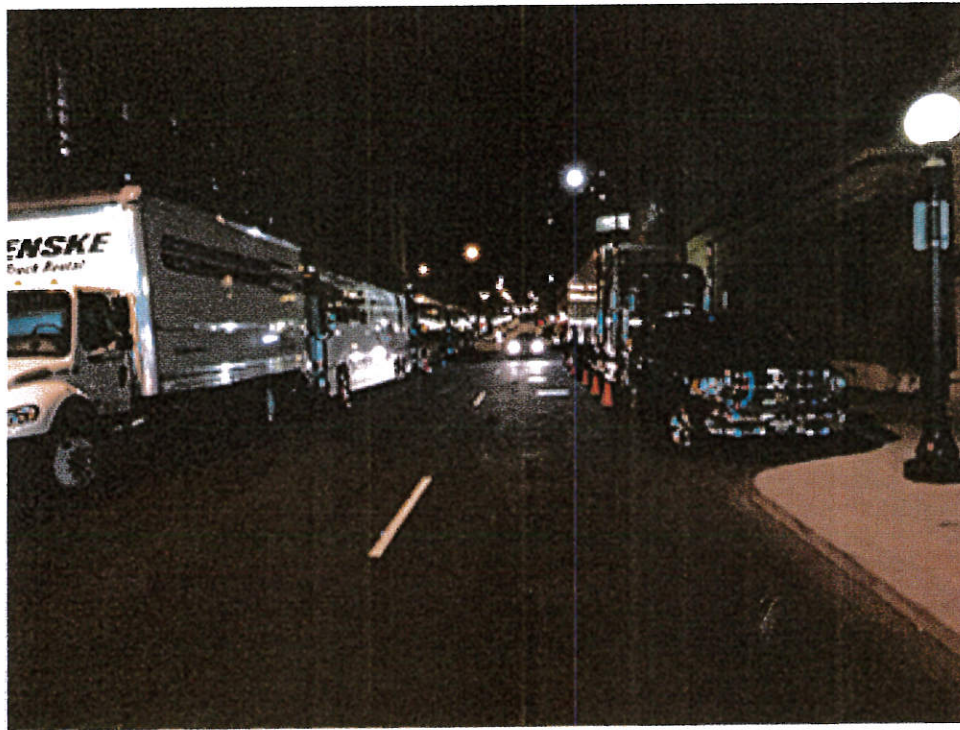

UNLOAD, LOAD, and PARK.

The large trucks and trailers park for events -

St. Peter Street Advocacy

Mission Statement

St. Peter Street Advocacy Mission: To set forth quality standards and achievable actions that strengthen and protect businesses and private properties, heighten synergy of historic preservation, and address safety issues of concerns for all who experience St. Peter Street in the city of Saint Paul.

St. Peter Street Advocacy represents diverse peoples who possess vested interests in our vital iconic historic St. Peter Street's future past, present and future.
