Hi Marcia,

I'm sorry for the confusion this has caused for the property owner, and your office.

We usually document the violation and abate it immediately. By doing this, we have a record of the hazard. However, the orders should state the deficient item and that the deficiency was abated in the presence of the inspector.

Thank you,
Leanna

James,

What kind of fueled equipment? Was it removed? Please let me know asap.

Thanks,
