Subject: Voice Mail (53 seconds)

Hello, this is Jacqueline Hess, and I live at 960 Portland Avenue. I'm calling in regard to the noise variance that is requested by one of my neighbors. It looks like they are having a block party this coming May. I am calling to voice my support of allowing this variance. I can't think of anything better after what we've been through with this pandemic to get everyone outside and to reconnect. So, I am in support of allowing this variance. My number is 651-210-7052 should you need further information. Thank you. Bye-bye.
