---

Council President Brendmoen and Members of the City Council,

My name is Nathan Kranz and I am the General Manager for both the Palace Theatre and the historic Fitzgerald Theater.

I strongly support the Capital City Bikeway being located on Wabasha St, as is being recommended by the St Paul Public Works Department . Wabasha St. is the best Bikeway Route for bicyclists coming to Downtown and trying to cross the River at Wabasha, and for businesses, employees, and residents working and living downtown St Paul.

The St Peter Route that had been considered and rejected by the Public Works Dept . would have had a very negative economic impact on not only the Palace Theatre but also our neighboring businesses that are integral to thriving arts & entertainment district.

I would respectfully request that at its meeting on May 12, the City Council support the Resolution locating the Capital City Bikeway on Wabasha St., as recommended by the St Paul Public Works Dept.

Thank you for your consideration !

Sincerely,

Nathan Kranz
