Subject: NOISE....

So, what's going on here, Barb? There is a request for a variance to make NOISE on Summit Avenue "between"? Moore and Howell Streets on October 1st Sunday, 2017? That's a pre-event sound check from 6:30am to 7am? And then, there will be NOISE from 7am to 2:30pm on Sunday Oct. 1, 2018?

And then to top it all off, all the NOISE makers have to be turned off no later than 2:30pm on October 7th? This is going to be one hell of a long lasting Marathon I think!!!! My calendar for 2018 does not show ANY Sunday Oct. 1st on it? What calendar are you using? So, who is responsible for fact checking and editing your notices?

And what is the City Council doing? They will have a public hearing on Wednesday, October 3rd, 2018 at 5:30pm! Well, at least there is a Wednesday Oct. 3rd, 2018 on my calendar..... but how come the public hearing is well after the fact? Or does the marathon in fact, happen later in October, than a Sunday Oct 1st that does not exist on our calendars for 2018!!!!!!!!!!!!

So, my question is: Why are they testing the equipment at all, from 6:30am to 7am, when the contestants could not ever make it from Downtown MPLS, a foreign country, to Saint Paul by even 8am! Why wake me up earlier than you have to do? Where is your consideration?

Wow! What's happening? Are you related to Kathleen McMonigal?

I am looking forward to a return email from you, and this retired City employee, is simply amazed!
