Dear City of St Paul and City Council,

Please see the application for request of noise variance. We realize this is not within the 60-day requirement. Due to COIVD restriction the original wedding venue and amount of people attending was planned at an indoor catering company. The wedding has now been dramatically downsized and will be held outside on the Haluner Property.

I ask for understanding that this decision was made after the 60 day requirement for variance modifications. I am hoping you can consider the unusual times we are in and support this request.

Thank you for your time and consideration.

Regards,
