Hello Clare,

I would like to provide these three documents to be on the record:

1. A redacted credit card statement with record of payment to Aspen Waste in January. As requested.
2. My record of my payments to Aspen Waste to show I have been consistently making payments to Aspen on a regular schedule with the same payment method.
3. A current screenshot from my account homepage on the Aspen Bill Pay website. This shows they have been issuing bill statements twice per billing period in October 2019, January 2020 and April 2020. This shows some of the added confusion I have when making efforts to sort this out with Aspen.

Hello Gil,

Per our conversation, please provide proof of payments made for garbage service for 1482 BLAIR AVENUE between January 1 and March 31 2020. Please redact any sensitive information as this will be entered into the public record.

Thank you!
