**Subject:** Re: public hearing this evening

Samantha,

I will not be able to make it down tonight, but please extend my thanks to Russ for sponsoring this.

I know for us, the ability to offer growlers on Sunday will have a significant impact on the taproom experience we provide. Routinely on Sundays, we are turning away customers looking to fill growlers and it is challenging from a financial perspective to justify staffing for Sundays on pint sales alone. Sunday growler sales will help address this on both accounts.

Cheers,
