Thank you. I have attached photos of the property that show its current condition since we have gain control of the property.

I went over to the Safety and Inspection Department yesterday morning.

- Submitted a new Vacant Home Registration form
- Submitted a request to have the Code Compliance Inspection done. However, there was confusion at the office. This did not know how to process the request and they did not schedule anything and said I had to talk with Jim Seeger about the matter. I have a call into Jim about getting the code compliance inspection done quickly.
