Dear City Council,

Writing to protest Assessment 195600, sealcoating the alley behind my house in 2019. The sealcoating was never done, there was some patching that was done, but that was all. I have spoken with my neighbor across the alley, she has never received a bill like mine as a homeowner.

Enclosed are some photos. The last two are my alley, the first two are in the alley that parallels Eichenwald. That alley was my route to a part time job at Oreilley's; I watched the sweeper truck clear after the sealcoating.

Sincerely,

Julie Larson 717 E 3rd St
