I would like to give you more information on the way we would like to have the dedication run and why.

My son passed away last Oct and he was a local artist. He has spoken at many schools in the twin cities and had help several young people find avenues for their art.

We have a large family that is spread all over the world. We are now all able to come and celebrate his life.

The ceremony will start with Mayor Coleman opening the dedication. We will then have a few music groups he was involved with. Followed by stories and speeches by family. We will then have high school musician that he was mentoring. Ending with a speech by me and candle lighting.
