Per most of the vendors that I spoke with, the current value of most equipment is anywhere from 10-20% of original purchase value. Therefore, I'd value the donated equipment around **\$8,000**.

Hello Jill,

Per previous conversations, White Bear Lake Fire Department donated materials to the SPFD approximately two months ago which was routed through Ret Chief McDonough. Most of the materials pertain to Sq3's domain and Sq3 took possession. The attached spreadsheet details the items received and prices listed are as new with a current estimated amount of \$8,000.00 for all materials.

Hoping this provides enough information for the council requisition for donated materials but please contact me if you have any questions.

Thanks Jill.

V/R,
Steve

Steve,

Please see the attached estimate for the donated equipment from White Bear Lake FD. The prices listed on the Excel spreadsheet are for new equipment. Please let me know if I can provide any additional information.

Best,

Mike
