### **SGAC Degree Of Honor Building Resolution Passed 6/26/20:**

The Skyway Governance Advisory Committee (SGAC) rejects the June, 2020 request by Madison Equities to extend the closure of Skyway #43 associated with the Degree of Honor building. Because of the history of the application extensions, lapses in timely requests, and failure of any meaningful penalties in the enforcement codes, we strongly request additional enforcement options to be implemented into the relevant city guidelines. We request the building owner establish a reasonable corridor through the Degree of Honor building within 30 days.

Thanks,  
Shevek McKee
