

Hi Emmet - we received a notice from the city that there is some kind of object being stored in the driveway that needs to be removed. Do you know if it belongs to you, or to someone else?

Mar 3, 2:12

Yes I literally just moved it out of the garage for a day.... I'm surprised they said anything it's just a cabinet I'm moving it today into the house though so won't be an issue.
