Hello,

Because of the "revocation" process attempt the Folder will not certify automatically. This is a manual process that my staff emails me when this happens and then I override the system. I was out of the office therefore I could not override the system. I will do that today and the certificate will go out tomorrow.

I am assuming this is an error on the part of our clerical staff although it was just paid on Friday the 11<sup>th</sup>. The bill was paid but the C of O was not generated. I have copied Elizabeth Muenich so she can get a CO printed and mailed to the customer.

Thank you,

### Angie Wiese, PE, CBO

Hi Angie and Leanna,

In reviewing this record for public hearing on Wednesday at 5:30, it appears the Fire C of O has still not been issued, although all the permits have been finalized. From our end, it looks like all the conditions have been met. Can you brief me on the hold up?

Marcia
