I thought because they had not been billed yet on an invoice so I assumed that they would not get turned in until they had been billed on the next invoice for Q2.

The email chain dated March 13th from Tracy states the four \$30 fees were added to her account. Can you clarify why nsf fees were not turned into the city for collection on the Q1 invoice

Her normal 3 month invoice is \$112.57 the difference is the four nsf fees at \$30 each for a total of \$120.00 added to the \$112.57. The nsf fees were not turned into the city for collection on the Q1 invoice as they weren't billed on an invoice yet to this resident.

Please let me know if you have any other questions.

Hello,

You have already sent the NSFs to us for assessment. They cannot be added to the Quarter 2 bill. She should only be charged for Quarter 2 (April - June) 64-gallon service. Lucy has not made a payment because the Quarter 2 bill is incorrect

I have attached their last invoice. This invoice does not show the May 1 and June 1 late fees.

Can you send a breakdown of her Q2 bill? Why is it \$243.83?

I have attached the correspondence back and forth between Tracy and Lucy.

I have attached the Q1 and Q2 invoices.

I did not send back her original checks. Tracy emailed copies of all the returned checks. Some of these were written on closed accounts which is against the law. If we do not get paid, we will press charges for check fraud.

Lucy has not paid her Q2 invoice.

Sincerely,

Susan Stewart
