27 [Ord 12-52](#) Amending the Zoning Map of the City of Saint Paul as recommended in the Near East Side Roadmap and Zoning Study.

In opposition:

Linda Gear (658 Reaney Avenue) said hers was the only house on her side of the street and she was against the change from residential zoning to TN because she didn't feel it benefited her. She said she had lived in the home her entire life and her life was disrupted when the property was almost taken under eminent domain a few years back. She said she didn't trust the City.

Councilmember Bostrom moved to close the public hearing. Yeas - 7 Nays - 0

An interim ordinance pursuant to Minn. Stat. § 462.355, Subd. 4, preserving the status quo regarding multi-family residential development of property along Grand Avenue between Cretin and Fairview pending the completion of a study of the City's official controls.

In opposition:

Graham Merry, developer for 2124 and 2130 Grand Avenue, said there was a shortage of housing, and a high population of renters who deserved new and better housing.

In support:

Cheryl Fogarty (2166 Lincoln Avenue) thanked the Council for implementing the bridge moratorium and urged them to approve the one-year moratorium and zoning study.

Doug Hennes, Vice President for University and Government Relations at St. Thomas, said the University supported the study because it would correct errors and inconsistencies in the current zoning.

Rachel Westermeyer (1935 Summit Avenue) said the West Summit Neighborhood Advisory Committee voted with one abstention to support the study and moratorium. She said she was a 50-year resident and also supported it.

Skyler Wickland (renter at 2132 Grand Avenue) said the moratorium and study were needed to prevent existing issues and tensions from getting worse.

James Savoie (2023 Lincoln Avenue) said the college had changed and grown since he'd moved to the neighborhood in 1974, but student housing hadn't kept up.

Rina Cooper (1381 Berry Ridge), former neighborhood resident, said the study would provide a forum to air frustrations and tensions, and she hoped the process would be as inclusive as possible.

Ed Martell (2149 Goodrich Avenue) said neighbor concerns were increases in traffic and parties, and it made sense to wait to build the second building until impact of the first was studied.

Kathy Manderscheid (2136 Goodrich Avenue) said her concern was that the buildings were private dormitories and not regular apartments. She said she would like to see nice apartments for young families.

Nancy Wacker (2153 Lincoln Avenue) said the moratorium was an excellent opportunity to study ways to increase density without sacrificing livability.

Councilmember Stark moved to close the public hearing. Yeas - 7 Nays - 0

Councilmember Stark thanked the people who came to testify, and said there was obviously a lot of work to be done to determine the appropriate zoning for this section of Grand Avenue. He said he supported increasing density and it was not his intention to thwart development, but it was important to make sure it was done well. He said the goal was to find a good arrangement for the whole community that would meet the demand for apartments and fit it into the neighborhood.

Councilmember Stark said they had received some notes of opposition, and the Department of Safety and Inspections would have someone there monitoring the noise levels. He said in the future when someone from DSI was assigned to monitor an event, the event organizers should be charged for that.
