Hi, this is for this is Gabriel Pillmann 964 Dayton Ave St. Paul, MN. 55104. 651-307-3190 comment about the property tax hearing there, which the meeting is today December 1. In the notice, it didn't say that you have to like leave a comment by yesterday to be included in today, so that's frustrating. Anyway, I am against raising the property taxes. For me, it's another 8%. Not feasible, and it's just it's too much, so the city needs to figure out how to get the money in a different way, not of the necessarily property taxes for paying for everything there. So just figure it out, I guess that would be great. Uhm, thank you bye.
